READ—

Rules prescribed for recruitment to the Mysore Civil Service in Government Order No. G. 3528-75—G. M. 232-12-1, dated the 6th January 1913 and amended by Government Orders ending with No. 1666-1709—C. B. 13-18-75, dated the 25th June 1919.

Order No. C. B. 1611-68—C. B. 150-19-2, dated 10th May 1920.

Under the existing rules, candidates sitting for the Mysore Civil Service Competitive Examination are subjected to a physical examination by a Medical Board. But in the case of those promoted to the grade of Assistant Commissioners from the subordinate ranks, no such examination is prescribed, reliance being placed on the certificates granted at the time of their entry into service; and candidates nominated to the Civil Service are asked to produce merely an ordinary medical certificate. In the interests of public service, it is necessary that these two classes of candidates also should be subjected to an examination by a Board of medical officers as in the case of the former, so as to ensure that all such persons are possessed of a good physique and constitution and are especially fitted for the active duties of an executive officer.

2. Government are therefore pleased to direct that the following paragraph be added to Rule V of the Mysore Civil Service Rules: as Rule V (a).

"All promotions to the Civil Service notified under Rule II (2) (a) and nominations notified under Rule II (2) (b) shall be provisional and be subject to the result of a medical examination of the candidates concerned, on the same lines as those set forth in the preceding rule V.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 1853-1922—C. B. 235-19-3, dated (Camp) Mysore 29th May 1920.

The Income-tax Bill expected to be passed into Law very soon and arrangements have to be made for the levy and collection of the tax from the 1st July 1920.

2. A certain amount of preliminary work has to be done, such as—

- (1) Drafting necessary rules under the Regulation for various purposes.
- (2) Organising the existing Revenue Agency for collection work and suggesting special agency wherever necessary, such as in Bangalore, Mysore and Kolar Gold Fields.
- (3) Prescribing and arranging for the supply of necessary forms, registers and other books.
- (4) Issuing instructions to the District and Taluk Officers and officials in the discharge of their duties under the Income-tax Regulation and rules thereunder.
- (5) All other miscellaneous items of work.

3. Government consider that these items of work would require the services of a Special Officer for some time till the administration of the tax falls into well understood grooves. They are accordingly pleased to sanction the appointment of a Special Officer, for a period of six months in the first instance.

4. Mr. K. Matthan, Deputy Commissioner, now employed as Food Controller, is appointed as Special Officer in connection with the levy of Income-tax in addition to his present duties. He is requested to submit proposals for the necessary facilities to carry out these duties.

5. All communications in connection with the levy and collection of Income-tax will be addressed to the Secretary to Government, Revenue Department.

Lance Datedars, Trumpeters, Farriers, and Sowars	200

(6) In special cases and on the recommendation of the Commanding Officer, special loans may be granted to subscribers equal to the amount of their Chanda Donation and Retiring Fund subscription held by Government after deducting the cost of dress, etc., due to the Stores.

(7) Recoveries in the following amounts will be made monthly from the pay of officers and men by deductions in the Barawards towards the liquidation of the Loan paid plus interest at 6½ per cent per annum or one pie per rupee per mensem:—

	Rs.
Commandant	20
Squadron Commanders	20
Troop Commanders on pay Rs. 100 or more	12
Other Troop Commanders	8
Regimental Datedar Major, Squadron Datedar Major, Squadron Quarter Master Datedars, Datedar, Trumpet Major, and Farrier Major	5
Lance Datedars, Trumpeters, Farriers and Sowars	1

Such recoveries will be in addition to the monthly subscriptions mentioned in Rule 2.

(7) (a) Interest at 3½ per cent or one pie per two rupees per mensem will be allowed for each calendar month upon the minimum balance of the subscriber's account between the close of the fourth day and the end of the month. In calculating the interest under this rule, subscriptions received by deductions from pay bills will be considered as paid into the Fund on the first day of the month succeeding that for which the pay is due. Deduction made from salaries paid in advance owing to transfer or leave are to be considered as having been paid on the date on which the advance is drawn and disbursed, while deductions from salaries paid in arrears in consequence of promotions given with retrospective effect will be considered as having been made on the first day of the month in which the arrears are drawn.

(b) In cases of retirements, discharges and dismissals the amount subscribed plus interest at 30 per cent per annum or half pie per rupee per mensem calculated as laid down in para (a) above will be refunded to the parties concerned, provided they owe nothing to the Fund; and in the event of death the above amount will be paid to the heirs or executors of the deceased.

(c) In the event of the death of any subscriber the balance of amount to his credit will be paid in the way applicable to Savings Banks deposits under the provisions of Act V of 1873 (S.B. Act), and the Chief Commandant will have the power given to a Treasury Officer in the Savings Banks Rules prescribed by the Government of Mysore.

8. Each subscriber to the Fund will be provided with a book in which all transactions connected with the Fund will be entered for his information.

9. No one who has not subscribed to the Fund shall be allowed to obtain a loan therefrom and no one shall be permitted to obtain a fresh loan until the previous loan has been repaid in full.

10. A subscriber will not be entitled to a refund of his subscription until he ceases to be in the service.

11. The subscription thus paid shall not be subject to attachment by Courts, as the main object for which this Fund has been established is to improve the condition of the officers and men by encouraging thrift and to enable them to attend to their duties without the interference of baniahs, and to provide them with some addition to pension when they retire.

No. G. 25875-6—MILY. 167-15-6, DATED 13TH MAY 1920.

The following rules issued with Government Order No. G. 6011-60, dated 27th May 1904, regarding the supply of stationery and forms to Public Departments:—

(i) Rules 11 and 12 prescribing the form of indent to be prepared by each department for the official year following in which it is prepared.

(ii) Rules 21 and 44 regulating the transmission of indents of the various subordinate offices after countersignature by the Heads of Departments concerned.

2. Letter No. 1582, dated the 2nd March 1920, from the Superintendent, Government Stationery, submitting certain proposals regarding the indents for stationery and forms from the various departments.

Order No. G. 25076-135—P. & S. 10-19-117, dated 4th May 1920.

1. Rule 21 of the Stationery Rules requires that indents of certain class of officers shall be transmitted through the Heads of their Departments who will carefully check, countersign and forward them to the Superintendent, Government Stationery. The Superintendent observes that this procedure, while it has had no beneficial result in the way of economising the use of stationery, has been the cause of avoidable delay in the transmission of the indents to the supply office. He therefore proposes the modification of the existing procedure by dispensing with the countersignature by the Heads of Departments mentioned in the said rule and prescribing the transmission of indents direct by the officers concerned. He further recommends the grouping of departments to regulate the submission of indents so that the indents may be received at the Depot throughout the year in batches and complied with promptly. The Government are pleased to accept both the recommendations. The Superintendent is requested to work out the arrangements for grouping carefully and submit them to the Government early.

2. All subordinate officers under Rule 21 of the Government Order of the 27th May 1904, read above and under subsequent orders issued in that behalf will, in future, send their indents for stationery and forms direct to the Superintendent, Government Stationery, on such dates as may be fixed for the indents of their respective departments, exercising great care in preparing the indents before transmission.

3. As regards the proposal of the Superintendent that no forms of any department should be changed within five years of their introduction, Government consider that such a rule will not work in practice, but, with a view to minimise too frequent changes of forms and wastage of obsolete forms, they are pleased to direct that the wholesale revision of forms necessitating re-printing shall not be made without Government sanction and as a rule when forms are in stock and only a few amendments are ordered, the forms should in no case be printed afresh but corrections should be made in the printed forms by means of amendment slips or in manuscript which ever is more easily feasible.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 26566-625—P. & S. 8-19-49, dated 27th May 1920.

The need for economy in the use of paper and other articles of stationery has been pointed out and detailed instructions given in regard to their economical use in the marginally noted Government Orders. As there is

G. O. No. G. 1803-52—G. M. 80-14-13, dated 19th August 1914.

still reason to believe that much avoidable wastage of paper and stationery is occurring in the several offices, and as the prices of paper and other articles of stationery are going up day by day, the necessity for increased economy in their use is imperative with a view to keep expenditure within bounds. Government are therefore constrained to invite the attention of all Heads of Departments and Deputy Commissioners of Districts to the abovementioned orders with a request that the directions therein contained should be rigidly adhered to in future, and that every precaution taken to guard against all avoidable wastage in their offices.

With a view to further economise the use of paper, Government direct that (1) both sides of the paper should be used, (2) the special cheap note papers and covers and combinations of both should be more largely used; (3) one-fourth sheet of paper should be used for long dockets which should be written on both sides, (4) printed forms and registers should be more sparingly used and indent for large quantities of these should be avoided and (5) Obsolete Forms should be used for covers, (6) the indent for forms and registers for 1920-21 should be curtailed by 25 per cent in the Press while making supplies.

3. Monthly inspection of the stock of stationery in all offices should be arranged to be carried out by a gazetted officer of the Department or District.

Order No. G. 26354-413—P. & S. 6-19-83, dated 22nd May 1920.

Instances have come to the notice of the Government where the cost of printing work of departments entrusted to private presses has exceeded the limit of sanction allowed under Government Order No. G. 15137-96—P. & S. 6-19-38, dated 6th January 1920, on account of Heads of Offices making, without proper authority, changes in the nature and quantity of work to be done in such presses.

Government direct the Heads of Offices to note, that instructions to private presses involving increase in the amount of work to be done, and consequently in the cost thereof, should not on any account be given without the previous sanction of Government whenever the total cost is likely to exceed the powers of sanction allowed in the Government Order of the 6th January 1920.

ANNEXURE

Letter No. Per. 39—19-20, dated the 30th March 1920, from the Inspector-General of Police in Mysore, to the Chief Secretary to the Government of Mysore.

I have the honor to submit the following report on the working of the Mysore Game and Fish Preservation Regulation and the rules framed thereunder for the calendar year 1919.

The statement given below gives particulars of the licenses granted and the amount of license fees realized during the year as compared with the preceding year.

District	1918					1919				
	District licenses	District licenses including State Forests	Provincial	Agriculture	Total	District licenses	District licenses including State Forests	Provincial	Agriculture	Total
					Total license fees					Total license fees
					Rs.					Rs.
1. Bangalore	37	1	7		46	31	1	8		40
2. Kolar	15				15	29				29
3. Tumkur	11				11	6				6

Total	199	17	11	21	250	171	11	9	27	221
					1,571					1,385

The total number of licenses issued under the Regulation is 221 during the year under report as against 250 in the previous year, thus showing a decrease by 29 licenses. Excepting the districts of Hassan and Chitaldrug, which show an increase of 2 each, there has been a decrease in all the other districts and particularly in Mysore District by 11 licenses. This decrease is accounted for by the District Magistrate of Mysore to be due to restrictions imposed on the pursuit of game in the Kakankote jungles on account of the Khedda operations during the year.

Of the total number of 221 licenses taken out during the year, 171 were district licenses, 14 district licenses including State Forests, 9 Provincial licenses and 27 agricultural licenses. Of these 84 were taken out by Europeans and Eurasians and the rest by Indians and the amount of license fees recovered during the year was Rs. 1,385 as against Rs. 1,571 in the preceding year.

Only one case of contravening the rules involving 3 persons was instituted in the Kadir District in Mudgere Taluk Magistrate's Court during the year under report and ended in acquittal. No prosecution was launched in any of the other districts. The original reports received from districts are herewith submitted.

Delay in the submission of this report is due to non-receipt of the Mysore District report till the 21st instant.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, the 3rd May 1920.

OFFICIAL MEMORANDUM.

The Government of India have decided that composite Indian titles should be treated as indivisible units and placed before the name of the holder and not used as a suffix. The Government of His Highness the Maharaja are therefore pleased to prescribe the adoption of this method, when publishing the names of title holders in Civil Lists, Gazettes, Notifications, etc., as also when referring to such names in official correspondence, etc.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.

The Deputy Commissioners of Districts.

Government Order No. G. 8512-61—G. M. 362-16-7, dated the 20th December 1916, passing orders regarding the officers required to be present at the Second Session of the Representative Assembly and stating that Government do not consider the presence of Deputy Commissioners of Districts necessary during the Second Session of the Assembly.

2. Government Order No. G. 13053-122—R. A. 49-18-4, dated the 6th December 1919, directing that, in future, the Second Session of the Representative Assembly be held at Mysore, a few days immediately before the Birthday of His Highness the Maharaja, every year and that it shall be styled the Birthday Session of the Representative Assembly.

Order No. G. 25292-351—R. A. 40-19-1, dated 5th May 1920.

In view of the fact that the Second Session of the Representative Assembly has now been ordered to be held a few days immediately before the Birthday of His Highness the Maharaja, and the Deputy Commissioners of Districts are expected to be at Mysore for the Birthday Durbars and the Economic Conference Session, Government are pleased to direct, in modification of the first of the orders read above, that these officers may be required to be present at the said Session of the Assembly also.

READ—

Paragraph 3 of Government Proceedings No. G. 19921-2—Geol. 57-18-17, dated 27th February 1920, requesting the Director of Geology to submit for the approval of Government a form of the certificate of approval enabling holders to acquire Exploring and Prospecting Licenses and Mining Leases.

2. Correspondence ending with letter No. 475, dated 5th May 1920, from the Director of Mines and Geology, submitting drafts of application and certificate of approval and also proposals regarding the disposal of applications for certificates; and suggesting certain verbal alteration in Rule 18 of the Rules for the grant of mineral licenses and leases.

Order No. G. 25809-10—Geol. 57-18-19, dated 12th May 1920.

Government are pleased to approve of the form of application and of the certificate of approval and to direct that applications for certificates and renewals thereof from persons already holding licenses and leases be disposed of by the Director, Department of Geology, and those from persons, who do not at present hold any mining concessions, be submitted to Government for orders.

2. The alteration proposed in Rule 18 of the Rules for the grant of mineral licenses and leases is also approved. The Rule as altered will read as follows:—

“Every prospecting license granted under these rules will be in Form No. 4 appended hereto and will be valid for one year, but the Government may at their discretion sanction the renewal of any license from year to year on payment, in advance, of the annual rent in accordance with the scale laid down in Rule 22 and on payment of any enhanced deposit as provided for in Rule 22. Ordinarily three such renewals will be sanctioned if there is reason to believe that serious work is being done and that a valuable mineral deposit has not been sufficiently located. Whenever a fourth renewal is desired special reasons must be given.

Preparation of Manuals.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Reports from the Secretaries to Government and Heads of Departments, regarding the progress made in the preparation of the departmental manuals and standing orders, during the calendar year 1919.

Order No. 2045-2088—E. G. A. 439, dated 5th May 1920.

During the year under review the following seven manuals were completed and issued:—

- (1) Manual of Station Accounts.
- (2) Revenue Commissioner's Office Manual.
- (3) District Office Manual.
- (4) Taluk Manual, Part I
- (5) Veterinary Manual.
- (6) Loco and Carriage and Wagon Manual.
- (7) Mysore Account Code, Volume II.

The total number of manuals in use on the 1st January 1920 was thereby raised to 68.

2. The eight manuals noted in the margin have been removed from the standard list as the first two have been included in Volume VI of the Mysore Account Code, the third and the fourth in Volumes I and II and the fifth in Volume III of that compilation, while the last three will be included in the new Mysore Railway Code. A revised standard list of codes and manuals is appended to this order.
1. Office Manual of the Comptroller's Office (Civil Branch).
 2. Office Manual of the Public Works and Railway Branch.
 3. The Mysore Treasury Manual
 4. Taluk Treasury Manual
 5. Public Works Code
 6. Traffic Audit Manual
 7. Manual of Workshop Accounts
 8. General Audit Manual for Railways

3. Of the 68 manuals in use 6 were under revision during the year. Two more manuals, *i.e.*, Stamp Manual and Survey Manual are being printed and seventeen others are under compilation, leaving only 9 Manuals yet to be compiled.

4. There has thus been tangible progress during the year. The time taken for the compilation of the Manuals, has however, been unduly long in some cases. The Secretaries to Government and Heads of Departments are requested to take necessary steps to expedite the compilation of all Manuals before the end of this year.

5. In their O. M. No. 131-170—E. A. G. 381, dated 16th July 1919, Government have issued detailed instructions for the prompt issue of correction slips to the Manuals that are in use in the several departments. It is observed that the arrangement has not been given effect to in most of the offices, and that only 52 correction slips were issued during the year in all the Manuals together. Government wish to emphasise the importance of keeping all Manuals up-to-date and they hope that better attention will be paid to this work by the several officers responsible therefor during the current year.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 2249-94—E. A. G. 445, dated 27th May 1920.

With a view to secure brevity and economy in communications by telegraph, Government are pleased to direct that the Telegraphic Code named 'Unicode' published by Messrs. Cassel & Company, Limited, London, be used by all officers of Government on deputation abroad and also by Mysore students abroad in their telegraphic correspondence with Government, Inspector-General of Education or the respective Heads of Departments.

2. In every Government Order or other communication sanctioning such a deputation or intimating the grant of a foreign scholarship *in future*, the officer or student concerned should be advised to provide himself with a copy of the 'Unicode.'

3. The Inspector-General of Education is requested to arrange for copies of the 'Unicode' being stocked at the Government Book Depot for sale to Government officers or Mysore students proceeding abroad.

4. For the sake of convenience, Government will supply a copy of the 'Unicode' free to every officer and Government scholar now abroad for his use while out of India. The Inspector-General of Education and the heads of these departments whose officers may now be abroad on duty are requested to apply to the Chief Secretary to Government for the number of copies required for their use and for distribution to the officers and scholars. Copies thus supplied free should be returned to the Chief Secretary when the officer or scholar returns to India.

Circular Memorandum No. 79—E. A. G., dated the 20th December 1916, regarding the employment of members of backward communities in the Public Services.

2. Government Order No. 1069-1118—E. A. G. 247, dated the 25th September 1918, prescribing a revised form for the submission of annual returns of appointments given to the members of the backward communities.

3. Paragraph 4 of Government Order No. 751-800—E. A. G. 341, dated 2nd October 1919, reviewing the statistics of appointments given to members of backward communities during the year 1918.

4. Reports from the Heads of Departments and Deputy Commissioners of Districts, furnishing statistics of appointments given to members of the communities referred to, during the year 1919.

Order No. 2300-2352—E. A. G. 446, dated 31st May 1920.

The statistics have been summarised in three tables and appended to this order so as to show the effect given to the circular memorandum of 20th December 1916, (A) in each department, (B) in certain defined grades of service, (C) in relation to each defined community. It will be seen from statement (A) that out of 1,266 appointments which fell vacant (590 permanently and 676 temporarily), persons belonging to backward communities were appointed to fill up 303 permanent (51·3 per cent) and 238 temporary (35 per cent) vacancies. The combined percentage under both heads (permanent and temporary) was 42·7 against 41 during the previous year, which is 17·7 per cent more than the minimum percentage of 25, prescribed in the circular memorandum of the 20th December 1916. Government are pleased to observe that there has been a substantial fulfilment of their policy during the year. Government note, however, that the prescribed minimum has not been worked up to in the offices of the Comptroller, the Superintendent, Revenue Survey, the Meteorological Reporter and Secretary, Life Insurance Committee, and in the offices under the control of the Deputy Commissioner, Kolar. They note also that the percentage of appointments given to candidates of backward communities in the offices of the Revenue Commissioner, Superintendent, Amrut Mahal Department, and the Muzrai Superintendent and in the offices under the control of the Deputy Commissioners of Mysore and Tumkur is comparatively low. These officers are requested to give special consideration to the claims of qualified candidates of backward communities who may apply during the current year.

2. Statement (B) discloses that the prescribed minimum percentage was exceeded in all grades of the service.

3. It will be seen from statement (C) that out of the total number of 541 applicants appointed from backward communities, 341 or less than 64 per cent belonged to backward Hindu communities, 111 or 21 per cent were Mahomedans, and 66 or 12 per cent were Christians.

4. Government wish to draw the attention of all their officers to their remarks in paragraph 4 of their G. O. No. 751-800—E. A. G. 341, dated 2nd October 1919, and to impress once again upon all of them the need for giving special preference to candidates belonging to those communities which are still educationally backward and are poorly represented in the Public Service.

Forecasts of Paddy and Ragi.

No. 1015-25—STL. 23-19-3, DATED 3RD MAY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Memo No. C. Per. 72—Gl. 19-20, dated 31st March—1st April 1920, from the Revenue Commissioner in Mysore, forwarding the final forecasts of the paddy and ragi crops in the Mysore State for the year 1919-20.

Order No. 1015-25—Stl. 23-19-3, dated 3rd May 1920.

Recorded.

2. There has been a delay of more than three weeks in the submission of the two forecasts.

3. Government note that, during the year under review, the acreage under paddy has on the whole shown an increase of 21·27 per cent over that of 1918-19, although there is a decrease of nearly 16,000 acres noticeable in the Shimoga District. This large decrease is not accounted for in the forecast statement. The causes that have contributed to it should be investigated by the Deputy Commissioner and a Special Report submitted to Government through the Revenue Commissioner before September next. The net increase has resulted from the large increases in the area under paddy in the districts of Hassan, Tumkur, Kolar, Bangalore and Chitaldrug.

4. The estimated outturn of paddy during 1919-20 is short of the standard yield by 29·91 per cent but exceeds the estimated yield during 1918-19, by more than 50 per cent, being 4,170,799 pallas as against 2,744,093 during the preceding year.

5. The favourable seasonal conditions are reflected also in the marked increase of nearly 300,000 acres in the area under ragi during the year. The estimated yield of ragi fell short of the standard yield by 51·79 per cent but is 100 per cent more than the yield of the preceding year, being 6,790,846 pallas as against 3,394,512 during 1918-19.

READ—

Government Order No. R. 4891-8—Agri. 54-10-6, dated the 25th February 1911, directing the discontinuance of the submission of the return of coffee production in the State.

2. Correspondence ending with letter No. 812, dated the 17th May 1919, from the Revenue Commissioner in Mysore, regarding the renewal of the submission of the above return.

3. Further correspondence ending with letter No. 6994, dated the 11th September 1919, from the First Assistant to the Honourable the Resident in Mysore, forwarding a copy of a letter No. 787-329, dated the 29th August 1919, from the Government of India, Department of Revenue and Agriculture, urging the desirability of collecting statistics relating to the production of coffee in the State, and requesting that the said statistics may be arranged to be collected in the Form A* and supplied to the Residency in the Form B* for submission to the Government of India.

4. Further correspondence on the subject ending with letter No. Pol. 847, dated the 3rd February 1920, to the First Assistant to the Honourable the Resident.

(*Printed as accompaniments.)

Order No. 1065-75—Stl. 30-19-2, dated 26th May 1920.

Certain firms and associations interested in the coffee trade having represented to the Government of India that Statistics of Coffee production year by year would be useful to planters and exporters of the product, the Government of India have requested that such statistics may, if possible, be furnished in the Form B.

2. The Revenue Commissioner, who was consulted in the matter, reports that the statistics in question can be collected in the Form A and submits a suggestion made by the Deputy Commissioner, Mysore District, that the minimum area of a garden to be included in the return may be taken to be 20 acres.

3. Government are pleased to approve of the above suggestion and to direct that information regarding coffee estates having an area of 20 acres or more in their districts be collected by the Deputy Commissioners of Shimoga, Kadur, Hassan and Mysore Districts before the 1st August every year in Form A, which will be supplied in English as well as Kannada. The information thus collected should be consolidated in Form B in duplicate in the District Offices and submitted to the Revenue Commissioner and to the Government in the Statistical Branch simultaneously or before the 15th August every year.

4. The Superintendent, Government Printing, will arrange for the forms being printed at the Government Press and supply a sufficient number of copies to Deputy Commissioners on requisition.

Form A—Return from plantations.

Statement of the production of Coffee in

during the

year ending 30th June

Statistics for individual gardens will be treated as strictly confidential and will on no account be published separately.

1. District
 2. Name of plantation
 3. Total area under coffee as per previous year's statement acres
 4. Area abandoned during the year
 5. New extensions during the year (including re-planting in areas abandoned in previous years) ..
 6. Total area under coffee during the year... ..
(This item is the resultant of items 3, 4 and 5, and is equal to the sum of items 12 and 13.)
 7. Area in the occupation of planters but not under coffee cultivation
(The area of land which has previously been under cultivation but in which the cultivation of coffee has been definitely abandoned should be included under this head.)
 8. Total area of plantation
 - Persons employed (daily average) —**
 9. Garden labour (permanent)
(This head should show the number living and working on the garden including the so called "permanent labour" of Southern India)
 10. Outside labour (permanent)
(This head should show the number working regularly in the garden but living outside it, including the 'local' or 'indigenous' labour of Southern India)
 11. Outside labour (temporary)
(This head should show all labour not coming under heads 9 and 10, including 'coolie' or 'short term' workers of Southern India.)
 12. Area that has been plucked during the year ..
(It is immaterial whether the area is part plucked or wholly plucked. The area in which any plucking is carried on, however light, should be entered under this head.)
 13. Area that has not been plucked during the year ..
 14. Quantity of coffee (a) Cherry-dried bushels
(b) Parchment do
- The figures under this head are not intended to represent the same coffee in two stages (on the analogy of rice and paddy,) but the actual quantity produced, whether it be in the form of cherry-dried or parchment coffee at the time of report.)*

*The "daily average" number should be calculated in the following method:—

The number of persons employed for any period less than a year should be multiplied by the number of days in that period, and the total divided by 365. The result should be entered in the return as the "daily average." For example, if an estate employed 30 persons for 90 days, 40 for 60 days, and 100 for 45 days—

$$30 \times 90 = 2,700 \quad 40 \times 60 = 2,400 \quad 100 \times 45 = 4,500$$

The total 9,600 divided by 365 gives 26 in round numbers, which is the figure to be entered in the return.

NOTE.—(1) If any rectifications or additional particulars are received after the return for the year has been submitted a supplementary return for that year should be forwarded.

(2) This form has been drawn up in consultation with the United Planters' Association of Southern India which request that all planters should furnish returns.

!The conversion of cherry-dried and parchment coffee returned according to measure, into cured coffee according to weight will be made in the Department of Statistics according to fixed formulae, namely, 140 bushels of cherry-dried coffee = 1 ton cured coffee, 95 bushels of parchment coffee = 1 ton cured coffee.

$$40 \times 60 = 2,400$$

$$100 \times 45 = 4,500$$

The total 9,600 divided by 365 gives 26 in round numbers, which is the figure to be entered in the return.

Column 12.—It is immaterial whether the area is part plucked or wholly plucked. The area in which any plucking is carried on, however light, should be entered under this head.**Column 14.**—The figures in this column are not intended to represent the same coffee in two stages (on the analogy of rice and paddy), but the actual quantity produced, whether it be in the form of cherry-dried or parchment coffee at the time of report. The conversion of cherry-dried and parchment coffee returned, according to measure, into cured coffee, according to weight, will be made in the Department of Statistics according to fixed formulae namely, 140 bushels of cherry-dried coffee = 1 ton of cured coffee, and 95 bushels of parchment coffee = 1 ton of cured coffee.

2. Government Order No. G. 14614-15—G. M. 14-16-27, dated the 2nd May 1917, regarding the accommodation for the Muzrai Superintendent's Office on the second floor in the Public Offices Building.
3. Government Order No. G. 2702-3—Cash 8-18-8, dated the 5th August 1918, ordering the location of Railway Account Offices in a rented building.
4. Correspondence ending with letter No. G. 3776—Cash 45-18-2, dated the 20th August 1918, to the Executive Engineer, Sanitary Division, Bangalore, allotting rooms Nos. 5, 6, 55, 56 and 57 on the ground floor, and rooms Nos. 3, 46, 47 and 48 on the first floor, for sanitary fittings in the Public Offices Building.
5. Correspondence ending with letter No. 11806, dated the 19th May 1919, from the Chief Commandant in *re* vacating rooms Nos. 1 to 4 on the ground floor occupied by his office.
6. Correspondence ending with letter R. O. S. C. No. 419—1916-17, dated the 12th December 1918, from the Registrar of the Chief Court of Mysore, regarding accommodation for the Members of the Bar.
7. Correspondence ending with letter No. R. 589, dated the 15th October 1919, from the Comptroller to Government, requesting additional accommodation for the newly sanctioned Industrial Audit Section, Food Supply Section, Multigraph Section, etc., of his office, and for the Assistant Commissioners posted to his office for training.
8. Correspondence ending with letter No. 1119, dated the 20th October 1919, from the Secretary, Mysore State Life Insurance Committee, requesting additional accommodation for the Insurance Office.

Order No. G. 25273-82—Cash 8-18-43, dated 5th May 1920.

In view of the urgent need for providing accommodation for certain permanent and temporary establishments sanctioned for the Comptroller's Office, for releasing rooms for being fitted up with sanitary closets, and for utilising the rooms vacated by the Chief Commandant and the Railway Audit Branch of the Comptroller's Office a reallocation of rooms in the Public Offices Building has become necessary. Government are therefore pleased to order as follows:—

1. *Comptroller's Office and Insurance Office.*—The Comptroller's Office and the Insurance Office are now in possession of all the rooms allotted to them in the Government Order read in para 1 of the preamble, except those vacated by the Railway Audit Branch of the Comptroller's Office. Of the latter, rooms Nos. 10, 16 and 17 on the ground floor are still occupied by the Comptroller but held at the disposal of the General and Revenue Secretariat. The Comptroller's Office will have to vacate rooms Nos. 5 and 6 on the Ground Floor for being fitted up with sanitary closets, room No. 4 on the first floor for accommodating the members of the Bar and the Government Advocate displaced from room No. 3 on that floor taken up for sanitary fittings, and rooms Nos. 8, 8a, 9, 25, 25a and 26 on the same floor for the General and Revenue Secretariat. Racked Room No. 38 on the ground floor, now occupied by the Comptroller's Office will have also to be vacated, as it is urgently required for the General and Revenue Secretariat. To make up for the deficiency caused by vacating these rooms, and to provide the additional accommodation required for the Comptroller's Office and the Insurance Office, rooms Nos. 10, 16, 17 and 34a on the ground floor vacated by the Railway Audit Office, as well as rooms Nos. 1 to 4 on the same floor, vacated by the Chief Commandant, and rooms Nos. 60 to 62 on the second floor now occupied by the General and Revenue Secretariat, will be given over

No. G. 25273-82—CASH 8-18-43, DATED 5TH MAY 1920:

to the Comptroller's Office. As soon as the temporary establishments for the compilation of Account Manuals for Food Supply Audit, etc., for which accommodation has now been provided, are disbanded, the rooms vacated by them will be handed over to the General and Revenue Secretariat.

2. *Chief Court and the Government Advocate.*—This office is in possession of all the rooms allotted to it in 1917. Of these, room No. 3 on the first floor occupied by the Government Advocate should be vacated for sanitary fittings and room No. 4 on the same floor will now be given over to the Chief Court to accommodate the Government Advocate and Members of the Bar.

3. *Muzrai Superintendent's Office.*—This office is now in possession of rooms Nos. 57 and 60 on the ground floor and rooms Nos. 54 to 57 on the second floor. Of these, room No. 57 on the ground floor should be vacated for the sanitary closets. The remaining rooms should be economically utilised for accommodating the Muzrai Superintendent's Office including the Assistant Secretary, Assistant Engineer, and his establishments.

4. *General and Revenue Secretariat.*—In the area now occupied by this office, rooms Nos. 46 to 48 on the first floor, and 55 and 56 on the ground floor will be vacated for fixing the sanitary fittings. Rooms Nos. 60 to 62 on the second floor, now occupied by the Financial Secretariat and Under Secretary, Financial Department, will be given to the Comptroller. To accommodate the officers and the officials displaced by this arrangement, rooms Nos. 8, 8a, 9, 25, 25a, and 26 on the first floor will be withdrawn from the Comptroller's office and added on to the Secretariat.

5. *Economic Conference Office.*—This office will, for purposes of accommodation, be treated as part of the Secretariat, and provided with a suitable room.

6. *Sanitary Closets.*—Rooms Nos. 5, 6, 55, 56, and 57 on the ground floor, and 3, 46, 47 and 48 on the first floor which will be released under the arrangement ordered above, will be placed at the disposal of the Executive Engineer, Sanitary Division, for being converted into sanitary closets.

7. The offices of the Chief Engineer, the Secretary, Local Examinations Board, and the Stamp Superintendent will not be in any way, affected by these arrangements.

8. A statement showing the allocation of rooms as herein revised is appended to this order.

9. The arrangements herein ordered shall be given effect to immediately and the Chief Engineer will give all necessary help in the matter.

10. The Heads of Offices concerned will submit for the approval of Government separate plans showing the detailed arrangements of rooms and the exact allotment of space assigned for each office.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. C. 1167—Gl. 19-20, dated the 8—10th April 1920, from the Revenue Commissioner in Mysore, stating that in the marginally noted Government Orders relating to the Minor Tanks Restoration Scheme, the term "Irrigable area" is not defined and that, if the term is meant strictly to include only the extent of the lands directly irrigated by the tank water and to exclude the garden lands benefited directly or indirectly by the tank water, it will have the effect of excluding several unrestored minor tanks from coming within the scope of paragraph 4 of Government Order No. R. 9424-36—L. R. 36-16, dated the 10th March 1917, which lays down a limit of 20 times the assessment for selecting a tank for restoration and soliciting instructions in the matter of sanctioning projects for restoration of tanks the estimated cost of which will be less than 20 times the assessment on the total garden and wet assessment of lands below the tank but exceeds that limit if wet assessment alone is taken into consideration.

Order No. R. 12727-37—L. R. 15-19-19, dated 6th May 1920.

Government are pleased to direct that the assessment on all lands shown as the *atchkat* of the tanks should be taken into account in selecting tanks for restoration, whether the same are wet or garden lands, the Survey records being taken as the basis for determining the *atchkat* of any particular tank.

GENERAL AND REVENUE DEPARTMENTS

READ—

Subject No. 45 of the Representative Assembly Proceedings of October 1918 (discussed in April 1919), praying that hikkals, foot-paths and waste water channels may be shown in village survey maps.

2. Letter No. C. 2243, dated 10th December 1919, from the Revenue Commissioner in Mysore, stating that the above procedure may be adapted, if practicable, as the villagers will be thereby saved a good deal of worry and annoyance.

3. Letter No. 196, dated 12th April 1920, from the Superintendent, Revenue Survey and Settlements in Mysore, reporting that the existing rules and standing orders on the subject are quite sufficient for all practical purposes, etc.

Order No. R. 12672-81—L. S. 44-19-5, dated 4th May 1920.

The Survey Superintendent reports that under Section 28 of Revenue Survey Rules, provision has been clearly made for bringing the new village maps up to date by showing all streams, large trees, houses, wells, kundes, etc., omitted at the original measurement or since sprung up and that under subsequent circular orders issued in 1903 and 1905, permanent wells and main channels issuing from the sluice of tanks are also shown in village maps during re-survey. Again in 1910 and 1911, further precautions have been ordered in the matter of showing tanks, roads, railways, etc., formed since the original settlement, not only in the new village maps but also in the copies of old maps kept in taluk and village offices.

2. The Survey Superintendent further explains that old foot-paths and cattle tracts are duly taken notice of during re-survey, and that new ones since formed can be shown in the maps only after obtaining an agreement from the owners or if the area covered by such tracts are duly acquired by Government. All main channels and important branch channels are also shown while it is not possible to show all branch channels in the present scale of the village maps, etc.

3. This subject has been before Government on several previous occasions and suitable orders have been passed from time to time *vide* Government Order Nos. R. 5178-9—L. S. 29-07-3, dated 17th February 1908, R. 3408-18—L. S. 17-10-3, dated 22nd November 1910 and R. 4315—L. S. 17-10-5, dated 23rd January 1911. It is seen from the circumstances thus explained by the Survey Superintendent that the existing rules and standing orders on the subject are quite adequate, and that no additional provisions are necessary. Cases calling for special treatment during re-survey may however be brought to the notice of the Survey authorities, who will be directed to give needful attention to such representations.

READ—

Government Order No. R. 15688-9—L. S. 6-18-11, dated 6th June 1919, sanctioning a scheme for the reorganisation of the Mysore Revenue Survey Department, and requesting the Superintendent, Revenue Survey and Settlements in Mysore, to submit a proposition statement duly revised on the lines indicated.

2. Letter No. 47, dated 27th August 1919, from the Superintendent, Revenue Survey and Settlements in Mysore, submitting the proposition statement called for in the order read above and soliciting orders on certain other connected points.

Order No. R. 12662-3—L. S. 15-19-9, dated 4—17th May 1920.

In paragraphs 14 and 16 of the Government Order read above; the Superintendent was requested to divide the existing permanent establishments into $\frac{2}{3}$ permanent and $\frac{1}{3}$ supernumerary and temporary and to submit proposals for the re-distribution of the hands and with regard to the arrangements necessary for the amalgamation of the Head Quarters and Records and the Deputy Superintendent's Offices with his own. The Superintendent has now sent up a proposition statement showing the following redistribution:—

Details of establishment				No.	Cost per annum
					Rs.
(a) Permanent	...	...	...	253	90,504
(b) Supernumerary	...	...	...	115	33,996
(c) Temporary	...	...	...	110	22,404
Travelling Allowances, etc.				478	1,46,904
					9,483
Total					1,56,387

This involves an additional expenditure of Rs. 11,387 per annum over the grant of Rs. 1,45,000 sanctioned in para IV of the Government Order dated 6th June 1919 read above for the various establishments of the Department. This increase is mainly due to the continuance as a separate establishment of the Deputy Superintendent's Office at a cost of Rs. 5,424 per annum proposed by the Superintendent and the incorporation of the Inam Office with that of the Superintendent as directed in Government Order No. R. 15909-11—L. R. 357-18-2, dated 12th June 1919. Government consider that the grounds advanced by the Survey Superintendent for continuing the Deputy Superintendent's Office as a separate establishment are not sufficient to reopen the question. They accordingly direct that their orders contained in para 16 of the Reorganisation Order should be given effect to and arrangements made for amalgamating the Deputy Superintendent's and Head-Quarters and Records Offices with the Superintendent's Office. Government are pleased to approve of the Proposition statement of the several establishments submitted by the Survey Superintendent subject to the following modifications:—

(i) The establishment will continue to be divided as at present into two classes, permanent and temporary comprising 362 and 110 men respectively, and a separate supernumerary class under the former will not be formed.

(ii) The Deputy Superintendent's Office will form part of Survey Superintendent's Office and consist of the establishment sanctioned for it in para 16 of the Government Order, dated 6th June 1919.

No. R. 12662-3--L. S. 15-19-9, DATED 4--17TH MAY 1920.

(iii) As the Survey Superintendent considers that the pay (Rupees 100- $\frac{1}{2}$ -150) of the Manager of the late Inam Office (Mr. Desikachar) is too high for the post of Sheristadar, the place will be treated as "supernumerary "

2. The Superintendent's proposal to abrogate the Departmental rule withholding promotions to superannuated officials is approved.

3. The Superintendent has also submitted proposals for the entertainment of 180 additional temporary hands at a cost of Rs. 62,820 per annum. The question of entertaining additional establishment will be taken up for consideration after the report of the committee appointed in Government Order No R. 5903-6--L. S. 37-18-7, dated 20th November 1919, to submit proposals for expediting the resettlement of Taluks, is received.

4. The Survey Superintendent's proposals involve an extra expenditure of Rs. 11,387 per annum. Deducting the sum of Rs. 3,900 provided for the Inam Department which now forms part of the Survey Department and the saving of about Rs. 1,440 effected by the amalgamation of the Deputy Superintendent's Office with that of the Superintendent's, the net additional expenditure required will be only about Rs. 6,000 per annum. As Government consider that this extra cost is absolutely necessary for maintaining the efficiency of the Department they are pleased to direct that the same be met by an additional grant during the current year and that necessary provision be made in the ensuing years.

5. As directed in the Government Order dated 6th June 1919, the revised scale will be given effect to from the 1st January 1919.

6. A statement shewing the scale of establishment as proposed by the Survey Superintendent and sanctioned by Government in this order is hereto appended.

B. RAMASWAMIYA,

Secy. to Govt., Rev. Dept.

To--The Superintendent, Revenue Survey and Settlements in Mysore.

REMARKS.

The following rights of way are admitted within the block for use by men and cattle in case of foot-path which are 6 feet in width throughout the year.

I. Foot-path leading from Veeralagundi to Ramagiri. It enters the forest in the western boundary of the block at a point about 5 chains south-west from the south-west corner of Survey No. 11 of Veeralagundi and runs south-east for about 32 chains through Survey No. 12 of Veeralagundi and quits the forest in the southern boundary of the block at a point about 5 chains north-west from the north-east corner of Survey No. 13 of Veeralagundi.

II. Foot-path leading from Chiknayakanhalli to Ramagiri. It enters the forest at the Northern boundary of the block at a point about 3 chains south-west from the south-west corner of Survey No. 19 of Chiknayakanhalli and runs south-west for about 24 chains through Survey No. 18 of Chiknayakanhalli and quits the forest in the eastern boundary of the block at a point about 7 chains north-east from the north-west corner of Survey No. 19 of Bhangaranayakanabetta and again it re-enters the forest at the eastern boundary of the block at a point about 5 chains south-east from the south-west corner of Survey No. 19 and runs south-west for about 24 chains through Survey No. 17 of Bhangaranayakanabetta and quits the forest in the southern boundary of the block at a point about 10 chains south-west from the south-east corner of Survey No. 17 of Bhangaranayakanabetta.

III. Foot-path leading from Veeralagundi to Rajavanthi. It enters the forest in the western boundary of the block at a point about 6 chains south-east from the easternmost corner of Survey No. 16 of Bhangaranayakanabetta and runs south-east for about 12 chains through Survey No. 17 of Bhangaranayakanabetta and quits the forest in the eastern boundary of the block at a point about 3 chains north-east from the south-west corner of Survey No. 18 of Bhangaranayakanabetta.

No. C. 3410—G.L. dated 29th April—1st May 1920, from Mr. K. Chandy, Esq., B.A., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

In forwarding herewith the records relating to the final Settlement of Bangaranayakanabetta block, Pavagada Taluk, received with Forest Settlement Officer's letter No. 406, dated 12th February 1920, through the Deputy Commissioner, Tumkur District, I have the honour to state as follows:—

2. The block, as finally settled, covers an area of 1'60 square miles. The proclamation in respect of the block under section 5 of the Forest Regulation was issued by Mr. Basavaradhya and the settlement work was completed by Mr. T. Chokkanna, the present Forest Settlement Officer.

3. It will be seen from the records that 3 rights of way have been allowed in the block and no appeals have been preferred to the Deputy Commissioner, against the decision of the Forest Settlement Officer.

4. The Conservator of Forests who was consulted has stated that he approves of the settlement effected by the Forest Settlement Officer and that the final notification constituting the block into a State Forest may be issued.

5. Under the circumstances, the settlement of the block as effected by the Forest Settlement Officer may be approved and the final notification under Section 17 ordered to be issued.

Venkatananarappa, Shanbhog of Rajarat and resident of Pavagada on behalf of himself.	20-9-18	Represents that his occupied Survey Nos. 18, 19 and 20 of Bhanganaiakanabetta have been taken away to the Forest and prays for their exclusion from the line.		If these Survey Nos. 16, 18, 19, 20 and 21 of Bhanganaiakanabetta of Veeralagundi are excluded, the block will be cut up into two bits with a narrow neck in the middle. These Survey numbers may be acquired. It is better to acquire Survey Nos. 16 and 18 instead of excluding all these Survey numbers to improve the block a little bit and to lessen the difficulty of too much cutting.	The original proposal included the village side and all the gomal in the block. Mr. Lakshmanan Shastri when he was investigating into the matter thought that land north wards of a line joining the south east corner of Survey No. 11 with north-east point of Survey No. 6 of Veeralagundi will be sufficient for the purposes of the village. On going over the country today, I noticed that this line goes half way up the hill gomal 15 and deprives the Forest Department of the trees that are in evidence there. The line also will be impracticable to work. It is therefore decided to alter this and give the village all lands to the north of the line joining the westernmost point of Survey No. 19 with a point 3 chains due south of the southernmost limit of the village site and thence to the south east bend in No. 1 sec. sketch). This will give the villagers a small hillock and flat country in the saddle in between.	
Yecia and others of Bhanganaiakanabetta.	18-9-18	Represents that Govtana has been taken to the Forest and their cattle are put to much inconvenience and prays the sufficient gomal be left for their village.		As the line runs along the foot of the hill it will be very difficult to cut the permanent demarcation line if it is lifted higher up and therefore the present line may be continued. Free grazing for 6 months in the year may be allowed as it is not possible to assign any gomal lands.		
Sanjeeva, son of Kurubara Hanunappa of Bhanganaiakanabetta	21-9-18	States that Survey No. 21 is in his holding and the same has been included in the Forest, prays for its exclusion.		For remarks No. 1		
Chik Lingappa of Bhanganaiakanabetta	21-9-18	Represents that Survey No. 16 which is in his Khate and included in the reserve may be left off.		Do do,		
Narayanagowda and others of Bhanganaiakanabetta.	2-8-18	Represents that the line runs too close to their village and thus their cattle would be put to much inconvenience and prays for the exclusion of Berta.				
Lakshmanagowda Patel Veeralagundi on behalf of the villagers	20-9-18	Represents that Survey Nos. 11, 21, and 21 occupied lands and grantana have been taken away to the Forest and their cattle will be put to inconvenience. (2) That there is a Kunte in Survey No. 12 where their cattle go for water and a rock where village people thrash their corn. These may be left out from the reserve. Survey Nos. 12 and 22 may kindly be left out for them.		Survey No. 21 is outside the proposed forest. Regarding Survey No. 11 please refer to the remarks of Venkatananarappa of Bhanganaiakanabetta. For the cattle in the village the gomal land that is left is ample. The villagers may be given the right of using the rock and the water for drinking purposes. If the pond is included in the forest it will be useful to the cattle that are allowed to graze in the forest as there will be water throughout the year, while the villagers of Veeralagundi are also allowed to exercise their privileges. As the line runs mostly along the foot of the hill to minimize the cost and difficulty of cutting the line the	The villagers wanted the rock in front of the village and the pond from which their cattle drank. Both these are of no use to the department and were ordered to the village. The line will run from the north-west corner of Survey No. 11 to edge of the pond and thence to the junction of 59 and 63 Survey Nos. 16, 18, 19, 20 and 21 of Bhanganaiakanabetta and 11 and 21 of Veeralagundi proposed as enclosures will be kept on of the block. The most convenient cultivation margin and the recognized rights of way will be allowed.

7	Govindagowda son of Dod Thimme gowda of	20-9-18	Begs that Survey Nos 21 and 24 which are included in the reserve may be left out		present line may be confirmed. If Survey No. 24 is included the line becomes very irregular as the line shall have to run round the Survey No. 24 and then along the eastern and southern boundaries of Survey No 23 and the southern and western boundaries of Survey No 28 which contain many Honge and other valuable trees. Therefore Survey No 24 may be acquired.	The villagers wanted the rock in front of the village and the pond from which their cattle drank. Both these are of no use to the department and were ordered to the village. The line will run from the north west corner of Survey No 11 to edge of the pond and thence to the junction of 59 and 58. Survey Nos 16, 18, 19, 20 and 21 of Bangarnaikanabetta and 11 and 21 of Veeralagundi proposed as enclosures will be kept out of the block. 8	Naryangowda son of Kalsegowda, Patel of Chiknaikanhalli, on behalf of the villagers	18-9-18	States that is no takrar about taking lands of Chiknaikanhalli			The only number included in the block in this village is Kharab No 18. The Patel on behalf of the villagers has no objection to the taking over of the number. The most convenient margin will be allowed.

Price of Ganja sold to Licensees.

No. R. 12934-43—Ex. 77-19-1, DATED 13TH MAY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. Fl. 1116-26—S. R. 66-07-2, dated 4th September 1907, directing that the amounts realised on account of the duty on and sale price of ganja should be credited to the head "Advance for purchasing ganja."

Order No. R 12934-43—Ex. 77-19-1, dated 13th May 1920.

Both the duty and the price realised by the sale of ganja to licensees are now being shown as revenue proper in the demand, collection and balance statement of the Excise Department. This renders reconciliation between the Departmental and the treasury figures difficult. In future the amount realised on account of duty should alone be considered and treated as revenue and credited under the head in the treasury accounts. The price charged to the licensees for ganja should be credited to the head "Advances for purchasing ganja." At the close of every year, only the balance, if any, that may remain out of price so realised after adjusting the amount advanced by Government, to the Excise Commissioner for the purchase of ganja should be credited as revenue under a District head "Gain on the sale of ganja." The adjustment of the advance and the credit of the balance, if any, to the head "gain on the sale of ganja" will be carried out by the Comptroller, who is requested to issue the necessary correction slip to amend accordingly Article 45 of the Mysore Account Code, Volume I, and to confirm the adjustment to the Excise Commissioner every year.

B. RAMASWAMAIYA,

The Administration Reports of the Minor Municipal Councils in the Kadur District for the year 1918-19, and the Deputy Commissioner's Review thereon.

Order No. R. 12643—ML. 103-19-48, dated 3rd May 1920.

CONSTITUTION.

This review relates to the administration of the seven municipalities in the Kadur

1. Kadur.
2. Narasimharajapura.
3. Mudgere.
4. Koppa.
5. Ajjampur.
6. Sivane.
7. Sringeri.

District noted in the margin during the year 1918-19. Of these municipalities, Ajjampur and Sivane, which were Unions were constituted as minor Municipal Councils during the year under review. Sringeri still continues to be a non-regulation Municipality. The total area of these municipalities under review is 4.15 square miles with an aggregate population of 14,889.

2. *Meetings and attendance.*—All the Municipal Councils, except those of Ajjampur, Sivane and Sringeri held the prescribed number of meetings. No reason has been assigned by these three municipalities for the failure to hold their meetings as prescribed by the Regulation. The average attendance at these meetings was 5.7 against the average strength of 11.4 members on each Board. It is hoped that the prescribed number of meetings will be held and the attendance also improved.

3. *The Demand, collection and balance.*—The total demand including arrears was Rs. 26,056, while the total collection was Rs. 16,764, respectively, leaving thus a balance of Rs. 9,295. The Presidents of the Municipal Councils concerned should adopt prompt measures for the collection of all recoverable items and get the others written off.

4. *Incidence of taxation.*—The incidence of taxation per head of population was highest, viz., Rs. 1-8-9 in the Mudgere Municipality and lowest, viz., Re. 0-1-11 in Sivane. The average incidence per head was Rs. 1-0-1.

5. *Finances.*—The total income and expenditure of all these municipalities during the year amounted to Rs. 17,814 and Rs. 16,124 as against Rs. 22,908 and Rs. 18,553, respectively, for the previous year. The closing balance at the end of the year stood at Rs. 43,677.

6. *Public works.*—The amount allotted for public works was Rs. 6,952 during the year, of which a sum of Rs. 3,790 was expended as against Rs. 2,406 in the previous year. About 45 per cent of the total budget grant was allowed to lapse during the year. The lapses are heavy and indicate that sufficient attention was not paid to the execution of these works. No expenditure was incurred in Ajjampur and Sivane Municipalities.

7. *Water-supply.*—The water-supply schemes for Kadur, Koppa and Mudgere town are under consideration. No difficulty has been reported in other towns for the supply of water.

8. *Vaccination.*—Appendix XV which relates to vaccination is incomplete as no information has been furnished in the case of Koppa, Ajjampur and Sivani Municipalities. This omission should have been noticed by the Presidents of the respective municipalities. The progress in other municipalities also is not satisfactory.

9. *Audit of accounts.*—The accounts of all these municipalities for the 1st half of the year were audited by the local audit staff of the Comptroller's Office.

10. *General.*—There is much scope for improvement in the administration of these local bodies. The reports and appendices have not been prepared with care. The Presidents of these Municipal Councils should devote more attention to the correct preparation of the reports and appendices in future and to their punctual submission to the Deputy Commissioner on due dates.

The Administration Reports of the Minor Municipal Councils in the Kolar District for 1918-19 with the Deputy Commissioner's reviews thereon.

Order No. R. 13158—ML. 103-19-49, dated 20th May 1920.

1. The review relates to the administration of the marginally noted five Minor Municipalities in the Kolar District for 1918-19. The total area of those municipalities was 422 square miles with a population of 14,613.

Srinivaspur
Goribidnur
Bagepalli
Gudibanda and Malur

2. *Meetings and attendance.*—The prescribed number of meetings was held by all the Municipal Councils. The information regarding the average attendance of members of the Srinivaspur Municipal Council is however not furnished. The Deputy Commissioner is requested to see that full information is furnished in future reports.

3. *Elections.*—Elections held at Malur and Srinivaspur were vetoed by Government on account of some material irregularities in the elections held. The Presidents of these Municipal Councils may be requested to expedite the election proceedings so that the Municipal Councils may have the full complement of members as sanctioned by Government.

4. *Demand, Collection and Balance.*—Out of the total demand of Rs. 13,786 a sum of Rs. 10,880 was collected, leaving a balance of Rs. 2,906. The collection in the Srinivaspur Municipality was, however, far from satisfactory the percentage of collection being only 46. The President is requested to take effective and prompt steps for the collection of arrears and to reduce the same to the least possible amount before the close of the year.

5. *Incidence of taxation.*—The average incidence for the district works out at Re. 0-9-7 per head of population against Re. 0-9-10 in the previous year the lowest being Re. 0-6-1 in Bagepalli and the highest Rs. 1-0-3 in Goribidnur.

6. *Finance.*—The income and expenditure amounted to Rs. 10,892 and Rs. 11,957 as against Rs. 11,631 and Rs. 8,604 respectively in 1917-18. Appendix VIII relating to the statement of details of income and expenditure has not been carefully prepared. The opening balance has not been given. This omission should have been noticed by the Deputy Commissioner as the amount of closing balance at the credit of these municipalities cannot be ascertained by Government.

7. *Public Works Department.*—The outlay for public works during year under report in these municipalities was Rs. 4,192 against Rs. 1,735 in the previous year, the Malur Municipality contributing Rs. 2,921.

8. *Medical relief.*—In the Local Fund Dispensary at Malur 9,856 patients were treated against 8,815 in the previous year. The number of persons vaccinated in the area under review was 604 against 409 during the previous year, the percentage of successful cases being 95.5 and 70.0 for primary and re-vaccination, respectively.

9. *Vital statistics.*—During the year 374 births and 9.56 deaths were recorded against 482 and 367 in 1917-18. Plague at Srinivaspur and Influenza in all the municipalities contributed largely to the increase in the number of deaths.

(Printed in extenso)

Order No. 11121-94—Edn. 5-19-119, dated 25th May 1920.

The question of revising the scheme of foreign scholarships has been under the consideration of the Government for some time past. A large proportion of these scholarships has been utilised in the past in giving advanced training in foreign countries to officers already employed in the technical and other departments while others intended to be similarly trained have been selected under the rules for the deputation of officers sanctioned in G. O. No. 11262-310—G. M. 369-14-2, dated 19th April 1915. With a view to laying down some definite rules as to the manner in which the funds provided for these various purposes may be utilized to the best advantage so that a specified number of scholarships may be available for affording opportunities to brilliant students to undergo training in technical and other courses of study in foreign countries for which the existing facilities are inadequate, while allowing reasonable scope for each Department to meet its requirements as regards foreign trained men, Government appointed a Committee to investigate the entire subject and submit recommendations.

2. The recommendations of the Committee are :—

- (i) that 3 free scholarships should be reserved for departmental officers;
- (ii) of the 3 remaining free scholarships, 2 may be awarded on the recommendation of the University Council and the third awarded by Government in special cases;
- (iii) that selection of departmental officers for scholarships be made by Committees constituted for the purpose;
- (iv) that the administration of scholarships awarded to departmental officers should vest in the Heads of Departments concerned and in other cases in the Inspector-General of Education, but that in the case of students undergoing technical courses, the progress reports of the scholars should be regularly sent to the Heads of the Technical Departments concerned for their information and remarks;
- (v) that departmental officers availing themselves of scholarships should be shown certain concessions, as the grant of a family maintenance allowance, etc ;

No. 11121-94—EDN. 5-19-119, DATED 25TH MAY 1920.

- (vi) that as the number of scholarships available for departmental officers would be insufficient to meet the requirements of all the Technical Departments, not more than 3 officers be sent on deputation every year to supplement the number to whom scholarships are granted;
- (vii) that this class of deputation be a new class II in the scheme of deputations sanctioned in G. O. No. 11262-310—G. M. 369-14-2, dated 19th April 1915, classes II and III of that G. O., being changed into class III and IV respectively;
- (viii) that officers selected for training be granted the privilege leave they may be entitled to, the rest of the period of training being treated as special furlough on half pay as also a special allowance of £150 to £200 per annum each for maintenance during the period of deputation. Fees or premia as well as travelling expenses in foreign countries incidental to such training should also be paid by Government;
- (ix) that the period of such deputation be treated as service counting for pension, promotion and leave. It should not affect any leave already due to the officer and should not also be taken into account in reckoning the amount of furlough admissible under the Service Regulations;

3. On a careful consideration of the subject, Government are of opinion that the foreign scholarships should be reserved hereafter as far as possible for selected students to undergo advanced studies and that in order to meet the requirements of technical and other departments for foreign trained men, a certain number of officers may be deputed each year for such training under the deputation rules. As the funds available for either purpose are limited, Government also consider that a suitable readjustment of funds should be made so that adequate provision may be made for both the above purposes. Government are therefore pleased to direct that the number of scholarships to be awarded annually exclusive of loan scholarships, be fixed at 2 Damodar Das and 2 State and the number of officers to be deputed for training increased proportionately to such reduction in the number of scholarships. Of the 4 scholarships one will be set apart for the most brilliant graduate of the Mysore University to be awarded on the recommendation of the University Council, preference being given to students taking up some branch of Science. Of the remaining 3, one will be awarded to a suitable candidate belonging to one of the educationally backward classes in the State and the other two for the study of subjects which will be notified from year to year.

4. Government are also pleased to sanction the recommendation of the Committee regarding the grant of the following concessions to Departmental officers selected for foreign training:—

- (i) Each officer will be given a sum ranging from £150 to £200 for maintenance during the period of deputation.
- (ii) Fees or premia as well as travelling expenses in foreign countries incidental to such training will be paid by Government.
- (iii) The officer selected will be granted any privilege leave that he may be entitled to, the rest of the period of training being treated as special furlough on half pay.
- (iv) The period of such deputation will be treated as service counting for pension, promotion and leave, but will not affect any leave already due to the officer and will not be taken into account in reckoning the amount of furlough admissible under the Service Regulations.

The deputations will form a new class of deputation under the rules issued in G. O. 11262-310—G. M. 369-14-2, dated the 19th April 1915. The number of officers to be deputed each year under the rules for the deputation of officers shall not ordinarily exceed five. This number will be exclusive of any officers that may be deputed under class (i) of the aforesaid order which will hereafter be reserved for senior officers of Government deputed for special enquiries or investigations and of those who are allowed to proceed to Europe by being given study or other special leave or by taking loans under the existing rules.

No. 11121-94—EDN. 5-19-119, DATED 25TH MAY 1920.

5. The other proposals of the Committee regarding selection for and administration of scholarships and the control of persons to whom scholarships are awarded or who are deputed are approved.

6. The Comptroller is requested to work out the cost of the revised scheme of scholarships and make due provision in the budget for 1920-21. The expenditure on account of deputations will be met from the budgets of the respective departments. The detailed rules as now revised by Government are printed as an appendix to this order.

7. The thanks of Government will be communicated to the members of the Committee for their well-considered suggestions on the subject.

APPENDIX A.

FOREIGN SCHOLARSHIP RULES.

I. The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources:—

1. Two known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das Charities fund;
2. Two known as Mysore Government Scholarships from the general revenues of the State;
3. Five known as Mysore Government Loan Scholarships from loans granted from the general revenues of the State.

II. The scholarships will be given for study in the countries of Europe and America, or in Japan and other eastern countries; in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America.

III. The scholarships will ordinarily be tenable for two years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary.

IV. (i) The four free-scholarships will be utilised as follows:

- (a) One to a candidate recommended by the Mysore University Council with a view to encourage brilliant graduates to undergo higher courses of study in Foreign Countries or to provide suitable recruits to the higher appointments in the University.
- (b) Two will be awarded on the recommendation of Committees specially appointed from time to time and for the study of subjects which will be notified by Government.
- (c) One will be awarded to a suitable candidate from the educationally backward classes.

(ii) The five loan scholarships will be awarded for promoting higher scientific study and research and for the encouragement of technical, industrial and commercial education and for training in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country.

V. Candidates for the scholarships must not ordinarily be over 25 years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career or who show very marked aptitude for the higher branches of scientific and technical

No. 11121-94—Edn. 5-19-119, DATED 25TH MAY 1920.

study, and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries.

VI. The scholarships will be open to all natives of Mysore by birth or domicile. When well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore college. The scholarships for post-graduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts, and Medicine or Engineering in an Indian or other recognised University. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued.

In the case of scholarships for technical, industrial or commercial training, applicants need not necessarily be graduates of a University, but a candidate will be expected to have received sufficient general education to enable him to pursue his studies with advantage. Such candidates should have had practical experience of the industries, etc., which they desire to study, or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe.

VII. Each Candidate must forward with his application:—

1. A satisfactory certificate of birth or domicile;
2. A declaration that he has the consent of the head of his family to proceed to Europe or elsewhere for the purpose of the scholarship;
3. Certificates of good character from two persons (not relatives of the candidate) of respectability and good position, in addition to one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering;
4. A certificate of physical fitness to undergo the course of study, research or training which he will have to follow, signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Surgeon;
5. A statement of the course of study or research which he desires to pursue, with testimonials as to his educational and other qualifications for such course.

VIII. (a) Applications for loan scholarships shall be made to the Inspector-General of Education in Mysore between the 1st June and the 31st July of each year. The selection of candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate. (b) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India. During such period he shall receive such subsistence and tuition allowances as Government may prescribe.

IX. Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese, during the period of probation, if facilities for such study can be secured.

X. The scholarships for study in Europe and America will be of the value of £250 per annum and those for study in the East of the value of Rs. 1,500 or £100 per annum.

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector-General of Education. The scholarship will be held to cover all college and examination fees, cost of books, instruments and boarding charges.

An advance not exceeding £25 in the case of scholars proceeding to Europe and America and not exceeding £15 in the case of scholars proceeding to the East, will be given for expenses of outfit when the scholar leaves Bangalore, and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship.

Besides the scholarship, each scholar will be given travelling allowance, *i.e.*, 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for his journey back to Bangalore on the completion of his course of study or research.

Where any premium or other payment is required for securing admission to a factory or other place for practical training in industries or crafts, such charges will be paid if considered reasonable and provided that the previous approval of Government has been taken in each case. In the case of loan scholarships the amount will be treated as an advance and will be recovered in the same way as the scholarship.

No. 11121-94—Edn. 5-19-119, DATED 25TH MAY 1920.

XI. The subjects which the scholar shall study will be one or more of the following:—

- | | |
|---|---|
| <ol style="list-style-type: none"> 1. Physical Science. 2. Natural Science. 3. Application of Science to Agriculture, Arts, Industries and Manufactures. 4. Research work in applied Science. 5. Medicine, Public Health and Bacteriology. | <ol style="list-style-type: none"> 6. Engineering—Civil, Mechanical, Electrical. 7. Metallurgy, including Electro-metallurgy. 8. Public Administration, Economics, Statistics, Banking, Commerce, Accountancy, Business Administration and Organisation, etc. 9. Arts, Industries and processes of manufacture including Textile Industries, Tinctorial Chemistry and Dyeing, Leather Industries. |
|---|---|

10. Higher study in Sciences and Arts other than those specified above.

XII. Each candidate selected shall unless otherwise directed by Government, proceed, within such period as may be fixed by them, to the country selected for his training, join the institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

Payments of scholarships on due dates will be authorised by the Comptroller once for all for the full period of the scholarship subject to deductions for cost of equipment and other advance drawn by the scholar and any other instructions as regards deductions, withdrawal and suspension of scholarship as may be conveyed by the Inspector-General of Education or the Head of the Department concerned as the case may be.

XIII. In the case of students undergoing technical course of study or training the Heads of the Departments concerned will be kept informed of the progress of the scholar, copies of progress reports being sent to them for remarks.

XIV. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research.

The scholars will be subject to the supervision of the Educational Adviser for Indian students in England or other person who may be approved by Government in each case.

XV. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient, fail to complete the course of study or research prescribed or is unfavourably reported on by the Head of the Institution or the supervising authority referred to in Rule XII. In such cases the scholar shall be liable to refund the whole or part of the money paid to him as may be decided by Government.

XVI. A scholar shall, before leaving Bangalore, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules; that he will prosecute the study or research with all due diligence and that on the completion of such study or research course, he will return to Mysore and will, if called upon to do so, serve the Mysore Government for a period of not less than five years on a reasonable salary to be fixed at the sole discretion of Government, provided that Government may waive such a claim and also that if it shall not offer him employment within six months after his return to Bangalore, it shall be bound to waive it and allow him to get employment elsewhere.

If he fails to fulfil any of these conditions, he shall refund to Government the total amount received by him as scholarship, passage money, etc., with such interest as may be demanded not exceeding five per cent per annum on the amounts paid to him from time to time.

XV. In the case of loan scholarships, the scholar shall, in addition to the above stipulations, before leaving Bangalore, enter into a bond with the Government giving satisfactory security for the repayment of the advances payable to him but without interest.

The loan shall become repayable without interest ordinarily in 5 and in any case not more than 10 yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being fixed by Government in each case according to circumstances.

APPENDIX B.

No. 3342, dated Camp Mysore, the 15th October 1919, from T. G. Rama Iyer, Esq., B.A., Secretary, Foreign Scholarships Committee, to P. G. D'Souza, Esq., B.A., B.L., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture.

Referring to Government Orders No. 4437-46—Edn. 16-17-105, dated the 26th November 1918, and No. 8945-55—Edn. 16-17, dated the 15th March 1919, and No. 9920-30—Edn., dated 5th April 1919, appointing a Committee to consider and to report upon the lines on which Foreign Scholarships should be administered in future with a view to recruit more largely into the Technical and other Departments, Officers with foreign training, I am directed to state that the Committee met thrice to consider the subject on the dates mentioned hereunder.*

*Vide statement appended

The objects of the scheme of Foreign Scholarships as laid down at present are:—(i) “the promotion of higher scientific study and research and technical education among the people of the State in order to train in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country, and (ii) the education in European Universities and Colleges of young men for recruitment to the service of the State in the Revenue, Educational, Forest, Medical, Engineering, Geological and other Departments”¹ (*Vide* para 1 of Foreign Scholarships Rules Appendix (A) to Government Order No. 763-813—Edn. 400-13-1, dated the 22nd October 1914). Though the above rule makes no provision for the award of scholarships to officials already in service, the Committee are aware of cases of officials in service having been awarded scholarships with a view to qualify them for higher posts in their respective departments. But these have so far formed exceptions, aggregating 17 out of a total number of 38 Foreign Scholarships awarded up to date. It is feared that the present system is likely to lead to undeserved supersessions of experienced and able Officers by inexperienced, though foreign-trained recruits. The scholarships are not, at the time of award, meant to meet a particular requirement of a Department ascertained in advance. Nor is there any guarantee of the scholar giving satisfaction to the Head of the Department to which the scholar is a raw recruit even if the requirements of the Department and the qualifications of the scholar should accidentally agree. Nor again does the system enable the intended recruit to benefit fully by the course of foreign training for want of even elementary knowledge of the working of the Department to which he will be recruited. *Per contra* even candidates not previously intended for service in the Department, either by agreement or by the proposed training, have come to look to Government for an appointment on their return.

There are hardly any instances of Foreign scholars taking up Industrial and Commercial occupations conducive to the development of the country as set forth in the rules. The rules regarding deputations to Foreign countries are not sufficiently wide in scope to meet all the requirements of the Technical Departments, the number of deputations admissible in a year being also very limited.

In these circumstances the Committee consider that unless a larger place is given to officers in service in the scheme of scholarships and the rules relating to deputations revised, to allow of a larger number of deputations every year, it will take an undesirably and unduly long time to meet the requirements of the Technical Departments. A small number of scholarships may, however, be made available to candidates not in service, to provide for the needs of the University and to encourage exceptionally brilliant graduates to undergo post graduate courses. As considerable development of the Technical Departments should precede the award of a large number of free scholarships to candidates who wish to follow industrial and commercial occupations, the Committee are of opinion that for some time to come the requirements of the departments should receive preference..

In this view of the matter the Committee are of opinion that the six free scholarships (2 Damodar Dass and 4 State) now existing be redistributed as follows:—

Three for Departmental Officers and 3 for graduates, two of the latter being reserved for candidates recommended by the Council of the Mysore University.

It may be explained here that in making the latter provision for graduates, the Committee have recommended one scholarship being reserved by Government for graduates in Medicine or others, who have not taken their degree in the Mysore University either for want of Faculties in the Mysore University, or, who are exceptionally brilliant Mysorean graduates of other Universities in courses provided in the Mysore University. Two scholarships have been recommended to be reserved for graduates of the Mysore University to encourage brilliant Mysore Graduates to undergo higher courses of study in foreign countries and also to provide for suitable recruits to the higher appointments in the Mysore University several of which are now offered to Officers engaged for short terms.

No. 11121-94—EDN. 5-19-119, DATED 25TH MAY 1920.

With the award of a larger number of scholarships to Departmental Officers, the concessions offered to them during their period of study or training abroad require to be made more liberal and attractive.

As has been already observed, the award of scholarships to Officers already in service not being one of the specified objects of the existing scholarship scheme, the rules do not provide to them even the minimum of concessions necessary to save them from pecuniary loss, loss of service or promotions due to no more than their absence on study or training, under the orders of Government. The period of absence is now treated as leave, the greater part of it being leave without allowances, with its penal consequences on pension and promotion. A family maintenance allowance is, however, allowed as a special case in the case of Officers. But no assured chance of preferment on return is offered to compensate for the inevitable disadvantages.

To remedy these drawbacks in the case of Officers sent abroad on scholarships, the Committee have proposed that in the case of Departmental Officers the following concessions may be shown:—

- (1) Grant of a family maintenance allowance of not exceeding Rs. 100 per mensem.
- (2) Permission to count for increments and pension, but not for leave, the period of study or training.
- (3) Permission to combine with the period of the scholarship, any privilege leave earned before the scholarship is awarded.

As this scheme provides only for the deputation of three Departmental Officers every year on scholarships, the Committee consider it necessary to supplement this number by three deputations under the Deputation Rules. Class (I) under the Deputation Rules sanctioned in Government Order No. B. 1262-310—G. M. 369-14-2, dated the 19th April 1915 is, no doubt, very attractive, but for that very reason, it is likely to be restricted to extraordinary cases only. To provide for the requirements of the Departments by a regular scheme, a new class (II) Deputation has been proposed, the present classes (II) and (III) being made classes (III) and (IV) respectively. The conditions and concessions of the proposed class are that:—

- (1) not more than 3 officers may be deputed every year,
- (2) they may be granted privilege leave, in addition to furlough on half pay, for the period of deputation,
- (3) they may be given £ 150 to £ 200, per annum each, for maintenance during the period of deputation, as a scholarship, in addition to travelling allowance and fees or premia required for the training,
- (4) the period of deputation should count for pension, promotion and leave and it should not affect leave or furlough admissible under the Service Regulations.

The Committee are further of opinion that the present rules for selection of candidates also require revision in view of the alterations in the scheme giving greater prominence to Departmental requirements. The constitution of *ad hoc* Committees as at present, which are necessarily restricted in size, would not be quite appropriate for the selection of Departmental Officers for foreign scholarships or deputations to meet Departmental requirements. The Committee have therefore, recommended that for the selection of Departmental Officers, Committees composed of the Head of the Department concerned, the Secretary to Government in that Department, and another Officer such as the Head of an allied Department or the University Professor in that branch of study might be appointed. The Committee's recommendations have been enumerated in Resolutions (V) and (XI). The Committee are also of opinion that the requirements of the several Departments should be scrutinised and a schedule of Officers to be sent out for training prepared by the proposed Sub-Committees. The requirements of the various Departments vary from *nil* in the Revenue Department (including (Veterinary)) to 39 scholarships for 5 years in the Education Department. The Committee have, therefore, resolved that the statements of requirements of the several Departments now received might be forwarded to Government for orders.

The Committee consider that the question of enabling candidates from all communities to secure the scholarships, consistently with the maintenance of a standard of qualifications, depends upon complex factors and conflicting considerations, which cannot easily be laid down in the form of a few simple hard and fast rules. They are therefore of opinion that the Departmental Selection Committees may be permitted to use their discretion in giving effect to this principle, as far as practicable, in selecting Officers for Foreign Training.

No. 11121-94—EDN. 5-19-119, DATED 25TH MAY 1920.

The Committee are of opinion that in so far as the scholarship scheme is made to secure recruits to the Technical Departments, the present rules under which the Inspector-General of Education administers the scholarships to the Technical Departments require revision to secure a more direct relationship between the scholar and his future Departmental Head. The Inspector-General of Education will not be in a position to watch or gauge the progress of the scholar in his studies, except at second-hand, *i.e.*, by the opinions of the Head of the Department or other expert. If the diaries and reports of periodical progress of the candidate are sent to the Head of the Department for information, the committee fail to see what could be gained by perpetuating the dual control, as the functions of the Inspector-General in the latter case would be limited to authorising the Comptroller to arrange for payments to the scholars on the recommendation of the Head of the Department, a function which could, without any difficulty, detriment or inconvenience, be attended to by the Head of the Department concerned. In fact, it would even be possible to authorise payment being made automatically subject to deductions authorised by the Head of the Department concerned from time to time. The Committee considered the matter in detail twice and are of opinion that the administration of Foreign Scholarships be left to the Heads of the Technical Departments concerned in the case of scholarships awarded to Departmental Officers, as well as those awarded to such students as are intended for, or are likely to enter, service in those Departments and to the Inspector-General of Education in all other cases.

Another point which came up for discussion in the Committee was whether the condition of liability to service may not be waived in the case of those scholars who are not intended for service in the Technical Departments. As most of the scholars for several years to come would be required for service in the Technical and other Departments, instances of free scholarships awarded to candidates not intended for service would be rare and no formal resolution on the subject was therefore considered necessary.

The Committee were not able to submit their proposals earlier as in view of the importance of the subject, the meetings had to be arranged so as to suit the convenience of all the Members.

The records relating to the proceedings of the Committee and other connected papers are herewith forwarded for record in the Secretariat.

RESOLUTIONS OF THE FOREIGN SCHOLARSHIP COMMITTEE.

I. Subject.—Distribution of Foreign Scholarships between graduates of Universities for Post Graduate Study (or technical training), and officers in service for undergoing training in the higher technique of their departments.

Resolved.—That the six free Foreign Scholarships (2 Damodar Dass and 4 State) be redistributed as follows:—

Three for Departmental Officers and three for graduates, two of the latter being reserved for candidates recommended by the Council of the Mysore University.

II. Subject.—Facilities to be afforded to Government Officers to avail themselves of Foreign Scholarships.

Resolved.—That the following recommendations be made to Government:—

(1) that in the case of Departmental Officers selected for these scholarships, a family maintenance allowance of not exceeding Rs. 100 per mensem be granted.

(2) That the period of Foreign Scholarships in the case of these officers be treated as service counting for increments and pension but not for leave, and

(3) That such officers be also permitted to combine, with the period of the scholarship, any privilege leave earned before the scholarship is awarded.

No. 11121-94—EDN. 5-19-119, DATED 25TH MAY 1920.

III. Subject.—Revision of the rules relating to Foreign Deputations so as to make more popular and thus, to supplement the Foreign Scholarships for meeting departmental requirements, more especially in the immediate future.

Resolved.—That Government be requested to re-classify the cases of deputation as follows :—

(1) That a new class II be introduced with the concession hereunder proposed, the present II and III classes being made classes III and IV, respectively.

(2) That the conditions and concessions of the proposed new class II be as follows :—

(a) Government may depute not more than 3 Officers every year for Foreign training to meet the requirements of departments.

(b) Officers so selected for training may be granted the privilege leave they may be entitled to, the rest of the period of training being treated as special furlough on half pay. They should also be given £ 150 to £ 200 per annum each for maintenance during the period of deputation. Fees or premia, as well as travelling expenses in Foreign countries incidental to such training should also be paid by Government.

(c) The period of such deputation may be treated as service counting for pension, promotion and leave. It should not affect any leave already due to the officer and should not also be taken into account in reckoning the amount of furlough admissible under the Service Regulations.

(3) That in the present class III, i.e., the proposed new class IV, the following be substituted for clause 2 (a) :—

"2 (a) The total amount of such advance shall not exceed £ 400."

IV. Subject.—Proceedings of the previous meeting held on the 5th April.

Resolved.—(1) That at the end of resolution I the following be added—

"Graduates shall mean and include not only graduates of the Mysore University but graduates of any recognised University who are Mysoreans by birth or domicile." and (2) 'that also' be inserted after "they should" in the second sentence of resolution III (2) (b).

V. Subject.—The appointment of Committees for the selection of Departmental Officers for scholarships and deputations.

Resolved.—That the formation of the following Committees for the selection of Departmental Officers for scholarships and deputations be recommended to Government, the Senior Officer in each Committee being its Chairman.

<i>Departments.</i>	<i>Members of the Committee.</i>
Education Department.	Inspector-General of Education. Principal, Central College, Bangalore. Principal, Maharaja's College, Mysore. Secretary to Government, Departments, of Education and Agriculture.
Departments of Public Works.	Chief Engineer (Secretary to Government, Public Works Department) in Mysore. Principal, College of Engineering. Engineer-in-chief, Railway Department.
Mines and Geology.	Director of Mines and Geology. Chief Secretary. Professor of Geology, Central College.
Forest Department.	Conservator of Forests in Mysore. Director of Industries and Commerce. Revenue Secretary.
Medical and Public Health Department.	Senior Surgeon in Mysore. Sanitary Commissioner. Chief Secretary.
Agriculture, Industries and Commerce Departments.	Director of Agriculture. Director of Industries and Commerce. Secretary, Departments of Education and Agriculture.
Electrical Department.	<i>Vide</i> Government Order No. C. P. S. 23-9-29—E., dated 11th January 1919.

VI. Subject.—The selection of candidates for Scholarships for the non-technical departments:

No. 11121-94—EDN. 5-19-119, DATED 25TH MAY 1920.

Resolved that the subject need not be considered as it is not within the terms of reference to this Committee, *Vide* G. O. No. 4437-46—Edn. 16-17-105, dated 26th November 1918.

VII. Subject.—The requirements of the several departments as regards officers with foreign training.

Resolved that the statements received from the several departments be forwarded to Government for orders.

VIII. Subject.—Proposals to enable candidates from all communities in the State to secure the scholarships, consistently with the maintenance of a high standard of qualifications.

Resolved that in the opinion of this Committee no hard and fast rules can be laid down on the subject and that it may well be left to the discretion of the various Departmental Committees to give effect to this principle as far as practicable.

IX. Subject.—Administration of the scholarships after the candidates are selected.

Resolved that the administration of the scholarships and deputations be left to the heads of departments concerned in the case of Departmental Officers and to the Inspector-General of Education in the case of students and that in the case of students undergoing technical courses of study or training, the heads of Departments concerned be kept informed of the progress of the scholar, copies of progress reports being sent to them for remarks.

X. Subject.—Letter No. 820, dated 18th June 1919, from the Chief Electrical Engineer in Mysore proposing that resolution (9) of the Second meeting of the Committee be re-considered and that the Foreign Scholarships for Technical Training be administered solely by the Heads of the Technical Departments concerned without the intervention of the Inspector-General of Education.

Resolved that the following amended resolution be substituted for resolution VI (9) of the previous meeting:—

That the administration of Foreign Scholarships relating to the Technical departments be left to the Heads of Departments concerned in the case of Scholarships awarded to Departmental Officers as well as those awarded to such students as are intended for or are likely to enter service in such departments and to the Inspector-General of Education in all other cases.

XI. Subject.—Inclusion of the Sandalwood Oil Factory in the list of Technical Departments for purposes of Scholarships.

Resolved that the Sandalwood Oil Factory be treated as a Technical Department for the purpose of awarding scholarships and included in the list appended to Resolution 5 and that a Committee composed of,

1. The Director of Sandalwood Oil Factories in Mysore.
 2. The Secretary to Government, Departments of Education and Agriculture.
 3. Professor of Chemistry, Central College,
- be constituted for the selection of candidates.

XII. Subject.—The question of waiving the condition of liability to service in the case of those scholars who are not intended for recruitment to the departments of service was considered. The Committee were of opinion that in such cases, greater latitude in the choice of subjects might be allowed and that to avoid creating hopes of securing Government appointments the agreement of Service might be waived. No formal resolution on the subject was however recorded as it was felt that most of the scholars for several years to come would be required for service in the Technical Departments.

Correspondence ending with letter No. 49—H. C. of 18-19, dated 19th January 1920, from the Inspector-General of Education, submitting for approval, a copy of the revised rules and syllabuses of Commercial Schools and Examinations drawn up by a Special Committee appointed for the purpose and approved by the Board for Commercial Education and Examinations at their meeting held on 23rd December 1919.

Order No. 10843-5—Edn. 344-18-9, dated 14th May 1920.

The main changes in the revised rules are as follows:—

(1) In lieu of the present three grades, *viz.*, Elementary, Intermediate and Advanced, Pass and Honours courses are introduced with the corresponding certificates and diplomas.

(2) The subjects of study remain the same but have been reclassified into nine groups of a one-year or two-year course in each, according to the importance of the subject.

(3) In view of the low rate of fees that are levied, provision for the grant of free studentships has been omitted.

(4) Transitional rules have also been provided for the benefit of candidates who underwent the courses under the existing rules and syllabuses.

(5) A Public Examination for the Vernacular Branch of Commercial Education has been newly proposed to be provided.

2. The revised rules and syllabuses are approved and appended to this order. They will come into force from the academical year 1920-21.

EDUCATION DEPARTMENT.

MYSORE GOVERNMENT TECHNICAL EXAMINATION.

(Commercial Branch.)

Notification D. No. 84, dated the 22nd January 1920.

In supersession of all previous orders on the subject, the following rules regarding Commercial Education and Examinations are issued, and will come into force from the academical year 1920-21.

A. ENGLISH SECTION.

I. *Admission of pupils to Commercial Schools.*—(i) Students seeking admission into Government or Aided Commercial Schools should produce certificates granted by Head Masters of recognised English Schools that they have successfully completed the IV Form course and are eligible for promotion to the V Form, or they must produce evidence of having attained a standard equal to or higher than the V Form. Europeans or Anglo-Indian students whose mother-tongue is English should produce evidence of having attained at least the VII Standard of their schools.

(iii) Head Masters of Government commercial Schools or of Government High Schools to which Commercial classes are attached should submit to the Inspector-General not later than the 15th July each year, a report that Rule I above has been strictly complied with.

III. There will be an admission fee of 8 annas per pupil, and the rates of fees will be as follows, and will be collected each month, in advance from June to March, the collection for March including the fees payable for the following April and May. Names of pupils who do not pay their fees till the close of any month shall be struck off the roll and they will have to pay a fresh admission fee, if they seek re-admission.

The maximum fees payable by a pupil for any combination will be Rs. 2.

Re. 1 per pupil for each of the other subjects.

IV. *Terms*.—(i) Each year will be divided into two terms. The 1st term shall extend from Monday nearest the 3rd of June to Mahalaya Amavasya, and the second term from the date of re-opening of the school after the Dasara Holidays, to the 10th March. The summer vacation and the Dasara and Christmas Holidays will be the same as for English High Schools.

(ii) Candidates for the Public Examination will be required to have put in an attendance of not less than 60% of the working days in the first term, 60% in the second term and 120 days for the whole year, or not less than 75% of the total number of working days for the whole year. Late admission should not be made by Heads of Commercial Schools in anticipation of grant of exemption.

(iii) The certificates of attendance for the two terms and the whole year calculated up to 10th March should be forwarded by Heads of Commercial Schools, so as to reach the Secretary, Local Examinations Boards, Bangalore, not later than the 18th March and should be in the following form, copies of which will be furnished by the Secretary, Local Examinations Boards, Bangalore, on application.

ATTENDANCE CERTIFICATE.

No. 10843-5—EDN. 344-18-9, DATED 14TH MAY 1920.

V. The above rules shall be binding on all Commercial Schools which apply for recognition.

VI. *Public Examinations.*—(i) Examinations in Commercial Subjects of the Junior and Senior Grades will be held at Bangalore and Mysore every year in the month of April and the dates and hours of Examination will be notified at least two months before the commencement of the Examination.

(ii) Students of Commercial Schools and Colleges and Commercial classes attached to High Schools will be allowed to appear for the Examinations, provided they are certified by the Heads of their Institutions to have attended the class regularly, in the subjects concerned, in accordance with Rule IV (ii) above. Exemptions from the operation of this clause may, under very special circumstances, be granted by the President of the Board for Commercial Education and Examinations, on a recommendation by the Heads of the Institutions concerned.

(iii) Teachers and members on the staff of Commercial Schools are exempted from the production of term certificates.

(iv) No student who has not passed the Junior Grade Examination in any subject will be permitted to appear for the Senior Grade Examination in that subject.

(v) The following classes of candidates may, at the discretion of the President of the Board, be allowed to appear for the Senior Grade Examination without passing the corresponding Junior Grade or exempted, from the first year course of a corresponding two-year subject, provided they are otherwise qualified under Rule IV (ii) relating to terms.

(a) *Bona fide* merchants.

(b) Those who were or are students of University Entrance, Intermediate in Arts or higher classes.

(c) Those who have passed.—

(i) The Elementary Grades of the Madras Technical Examinations.

(ii) Junior Examinations of London Chamber of Commerce.

(iii) Elementary Examinations of the National Union of Teachers.

(iv) Elementary Examinations of the Midland Counties Union, England.

(v) Junior Examinations of the Royal Society of Arts.

(d) S. S. L. C. Candidates who have passed in commerce taken as an Optional Subject.

N. B.—In the case of all the candidates mentioned in (a), (b), (c) and (d), permission for applying for admission to the Examination should be made by the Heads of Institutions concerned, before the 15th November preceeding the Examination.

2. Candidates mentioned in clause (c) above will be treated also as having passed the Junior Examination of Subjects Nos. 8 and 9 in Appendix I, provided they have passed in these subjects in the foreign Examinations, and the exemption granted to those in (d) will not include the subject of Geography.

(vi) Candidates who have completed the S. S. L. C. course but have not obtained a certificate of E. C. and P. S., will be exempted from the 1st year course in English Composition. (Subject No. 7 of Appendix I.)

(vii) The following candidates will be exempted from passing the Senior Examination in English Composition. (Subject No. 7 Appendix I.)

1. Matriculates of Indian and Foreign Universities and others holding higher academical qualifications.

2. S. S. L. C. Holders declared E. C. and P. S.

3. S. S. L. C. Holders who have passed in Group I.

4. Holders of the Cambridge Senior Examination Pass Certificates.

(viii) Those who, having appeared for the Public Examination in both Shorthand and Typewriting of Subject No. 5 of Appendix I, pass in either of these portions, will be permitted to take the Public Examination in the remaining portion of the subject.

VII. *Examination fees.*—(i) The fees will be Rs. 3 for each subject of the Junior Grade Examination, subject to a maximum of Rs. 10 in case of combinations, and Rs. 5 for each subject of the Senior Grade Examination, subject to a maximum of Rs. 20 in the case of combinations of Senior Grade Examinations or of any Senior Grade with Junior Grade Examinations. Fees once paid will under no circumstances be returned or reserved for a future Examination.

No. 10843-5—EDN. 344-18-9, DATED 14TH MAY 1920.

(ii) All applications together with treasury receipts should reach the Secretary, Local Examinations Boards, Bangalore, not later than the 15th January immediately preceding the Examinations. Separate application forms have to be used for the different grades. Forms of application can be obtained from the Secretary, Local Examinations Boards, Bangalore.

(iii) All candidates from the same institution should select the same Centre of Examination and forward their applications through the Heads of their Institutions. Candidates who under Rule VIII and XI (iii), (iv) and (v) are permitted to appear by private study, should send in their applications, with treasury receipts direct to the Secretary, Local Examinations Boards, Bangalore.

VIII. Private study.—Candidates from Commercial Schools who have failed in any subject at the Public Examination will be permitted to appear for the Examination in that subject within the next three years by private study and similarly S. S. L. C. candidates who fail in 'Commerce' taken as an Optional Subject, are permitted to appear for corresponding Commercial Examinations of the Junior Grade, within the next three years, without putting in separate terms in a recognised Commercial School or classes. Candidates holding 'Senior' or advanced Foreign Commercial Certificates will be permitted to appear for the Senior Grade of the Mysore Examinations, without putting in terms in any recognised Commercial School.

IX. Pass certificates.—A candidate will be declared to have passed in the I Class or II Class, if he obtains, not less than 60 per cent or 35 per cent respectively of the maximum in each paper on a subject and in the Practical Examination, if any, and according as he has passed the Junior or Senior Examination. A Junior or Senior Pass Certificate will be awarded to him. The grant of the Senior Certificate in any subject is conditional upon the candidate passing the Senior Examination in English Composition (Subject No. 7 of Appendix I), unless he is exempted from passing this Examination, under Clause VII, (vi). Candidates of the Senior Grade Examinations should forward to the Secretary, Local Examinations Boards, Bangalore, with their applications of the corresponding Junior Pass Certificates, if any, already granted to them.

A Pass Diploma will be awarded to any candidate, in exchange for the Senior Pass Certificates in the first seven subjects and Junior Pass Certificates in the last two subjects of Appendix I, provided he has obtained not less than 40 per cent of the total maximum in the Final Examinations in these subjects.

An Honours Diploma will be granted to any candidate who obtains not less than 60 per cent of the total maximum for all the nine subjects of Appendix I at the Final Examination. Candidates mentioned in VI (v) (c) will be granted pass diplomas, provided they obtain 40 per cent of the total maximum in subjects other than those in which they hold certificates of foreign examinations. For purposes of the Honours Diploma, those who hold at least First Class Certificates of the Elementary or Junior Foreign Examinations in subjects Nos. 8 and 9 of Appendix I will be considered as having obtained 60 per cent in these subjects.

X. Any candidate who has passed in any subject, with the lower minimum will be permitted to appear, within the next three years for the Public Examination in the same subject and of the same grade, with a view to enabling him to obtain the higher minimum qualifying for pass or Honours Diploma. In the case of such candidates, the highest marks obtained by them in any subject at any Examination shall be taken into account.

XI. Transitional Rules.—Transitional Rules, relating to holders of Elementary, Intermediate or Advanced Certificates under the old Mysore Commercial Examination Rules and to those who have completed the courses in these grades.

(i) Those who have passed the Elementary and Intermediate Grade Examinations will be treated as having passed the Junior Examinations and exempted from the first year course of a two-year subject, in corresponding subjects, holders of Intermediate Grade Certificates in Shorthand or in Typewriting being, in addition, treated as having passed the corresponding portions, of the Senior Grade Examination in Subject No. 5 of Appendix I.

(ii) Holders of Advanced Certificates will be treated as having passed the Corresponding Senior Examinations.

(iii) Those who have failed at the Elementary or Intermediate Grades will be permitted to appear for the corresponding Junior Examinations, without putting in terms in any recognised Commercial Schools, and will be exempted from the first year course of a corresponding two-year subject.

(iv) Those who have failed at the Intermediate Grade of the Shorthand or Typewriting Examinations, will be permitted to take the corresponding portions of the Senior Examinations in these subjects, without putting in terms.

No. 10843-5—EDN. 344-18-9-. DATED 14TH MAY 1920.

(v) Those who have failed at the Advanced Grade Examinations will be permitted to take the Senior Examinations in corresponding subjects without putting in terms.

N. B.—Candidates intending to avail themselves of the concessions in clauses (iii), (iv) and (v) of this rule should apply before 15th November to the President of the Board for permission to appear for the Examinations.

B. VERNACULAR SECTION.

1. *Admission of pupils to Commercial Schools.*—Students seeking admission to the Vernacular Section of the Commercial Schools should have at least reached the standard of the IV Kannada Class, the admission of students of a lower qualification being subject to the approval of the President of the Board for Commercial Education and Examinations.

2. *Subjects of study and courses.*—The following are the subjects taught, each subject comprising a course of two years. Kannada will be the medium of instruction :—

- (a) Book-keeping.
- (b) Commercial Arithmetic.
- (c) Methods and machinery or business.
- (d) Currency and Banking.
- (e) Economic Geography.
- (f) One of the following Commercial Language :—English, Tamil, Guzrati, Urdu or Telugu.
- (g) General Commercial Practice.

3. *School Fees.*—There will be an admission fee of 8 annas per pupil, and a monthly fee of annas 8 per pupil. The fees will be collected every month from June to March, the collection for March including fees payable for the following April and May. Free studentships not exceeding 50 per cent of the strength will be allowed.

4. *Terms.*—The terms and certificates of attendance will be the same as those for the English Section. Exemptions, under special circumstances, in respect of deficiency in terms, may be granted by the President of the Board, on the recommendation of the Head of the Institution concerned.

5. *Public Examinations.*—There will be a public examination in the month of April held at Bangalore and Mysore every year in each of the subjects of study, at the end of the two-year course. The dates and hours of Examination will be notified at least two months before the commencement of Examination.

No student who is not certified by the Head of the Institution concerned as having put in the required terms will be admitted to the Examination unless he has been exempted by the President of the Board.

6. *Private Study.* (a) Teachers of recognised schools, *bona fide* merchants or others employed in Commercial and Industrial Firms, will be permitted to appear for the Vernacular Examinations by private study, provided they are certified by the Heads of their institutions or any Municipal Commissioner to have been engaged in their respective professions for at least two years. The applications for permission to appear for the Examination should in these cases, be made to the Secretary, Local Examinations Boards, Bangalore, not later than the 15th November preceding the Examination.

(b) Candidates who have once failed at any Public Examination may appear for the Examination in succeeding years by private study.

7. *Examination Fees.*—The examination fee will be Rs. 2 for each subject, subject to a maximum of Rs. 5 in the case of any combination of subjects.

8. *Certificates and Diplomas.*—A candidate will be declared to have passed in the First or Second Class if he obtains 60 per cent or 35 per cent of the maximum respectively for each subject. A Pass Certificate will be granted to the successful student. A Pass or Honours Diploma will be awarded to any candidate who obtains not less than 35 per cent or 60 per cent respectively of the total maximum in all the subjects mentioned in Rule 2.

9. Applications for admission to the Public Examination should reach the Secretary, Local Examinations Boards, Bangalore, not later than the 15th January preceding the Examination. Applications from private candidates should be sent directly to the Secretary, Local Examinations Boards, Bangalore, and those from school pupils should be sent through the Heads of the Institutions concerned. The Examination fees should be paid into a Government Treasury and the Treasury Officer's acknowledgment obtained in the appropriate column of the application forms.

10. The Syllabuses, the number of question papers in each subject and the maxima and the minima for pass will be as in Appendix III.

No. 10843-5—EDN. 344-18-9, DATED 14TH MAY 1920.

APPENDIX I.

Government Central Book Depot.

No. 11212-3—Edn. 21-17-26, DATED 27TH MAY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 6903-4—Edn. 11-15-171, dated 24th February 1917, passing orders on the reports of audit of the accounts of the Government Central Book Depot and calling for proposals for placing the working of the depot on a strictly commercial basis.

2. Correspondence ending with letter No. A. C. 423, dated 12th November 1919, from the Inspector-General of Education, submitting proposals for the reorganisation of the Government Book Depot.

Order No. 11212-3—Edn. 21-17-26, dated 27th May 1920.

The question of reorganising the Government Central Book Depot and regulating its transactions so as to allow of its being managed as a strictly business concern, has been engaging the attention of Government for some time past. Government have carefully considered the proposals formulated by the Inspector-General of Education in this behalf and proceed to pass orders on the several points.

2. The depot is at present dealing in educational publications such as text books, etc., useful for educational institutions, non-departmental schoolbooks and maps published by private authors or publishers and supplied free to schools for use of teachers and to Branch Book Depots for sale and Government publications of other departments. With a view to curtail the transactions to the extent absolutely necessary, Government consider that in future the depot should be primarily concerned with the stocking and supply of Departmental Publications, the supply of non-departmental text-books required for Primary and Secondary Schools being entrusted to booksellers and authorised agents. The Inspector-General of Education is authorised however to permit to a limited extent the stocking in the depot of non-departmental publications also, for supply to places for which the ordinary arrangement is likely to be attached with some inconvenience and may not consequently be satisfactory. As it is desirable that all book selling on behalf of Government should be concentrated at one place and as the provision of a separate organisation for the stocking and sale of other departmental publications would entail more expense to Government, the present arrangement of the depot stocking the publications of other departments of Government may continue. The Inspector-General of Education is requested to make proper arrangements for the safe custody of all stock and to guard against loss of stock during issue to purchasers and at other times by retaining only a small portion outside to meet current orders and by other suitable precautions.

3. With a view to minimise money transactions in the Government Book Depot, the retail sales in the depot will in future be abolished and a system of recognised agencies will be organised in all places for the retail sale of all departmental publications. Reliable Commission Agents will be appointed in each place, at least two such being appointed in each of the Cities of Bangalore and Mysore. An 'on sale' account will be given to each of these agents and stocks to the extent of specified credit limits will be given to the agents "on sale or return". Accounts should be rendered monthly by these agents and books not sold and returned by them in good condition within a specified time may be accepted and credits given for them in the accounts. The agents will be bound to furnish sufficient security to cover risks from loss due to credit allowed to a reasonable extent and to sell the departmental publications at not more than the published prices and hold the stocks given to them at the call of the department till they are sold and accounted for. The amounts due from the agents at the end of each month after deducting the commission due will be paid by them into the respective treasuries and the treasury receipts forwarded to the depot for record and for necessary credit being given in the accounts.

No. 11212-3—EDN. 21-17-26, DATED 27TH MAY 1920.

4. Credits may be allowed to recognised agencies to the extent specified below:—

Rupees 250 in case of Government Branch Depots and Commission Agents appointed at taluk or A.-V. or Middle School centres.

Rupees 500 in case of district headquarter agencies.

Rupees 1,000 in case of agencies in the Cities of Bangalore and Mysore.

5. The published prices of Departmental Publications will hereafter be fixed at 25 per cent over the cost price, and a trade discount of 15 per cent on the value of sales will be allowed to Government Branch Book Depot keepers and recognised agencies. In the case of other traders, a discount of 12½ per cent may be allowed as at present on purchases of and above Rs. 100.

6. As regards the supply of non-departmental text-books to schools for the use of teachers, etc., the proposal of the Inspector-General of Education that a certain number of respectable and reliable booksellers in the State may be appointed authorised school suppliers and that the recognised schools in the State be asked to get their supplies from such suppliers and submit endorsed bills to the Inspector-General of Education for adjustment is approved.

7. The present arrangement of the Government Central Book Depot and the Branch Depots acting as distributing agencies for books and journals bought by way of patronage, and school appliances such as bells, clocks, maps, etc., may be continued as such transaction can be most economically managed through the book depot itself without any special agency.

8. As regards the supply of furniture, Government consider that the depot should be merely a sort of clearing house, i.e., arrange for the supply through approved firms, stocking of furniture being avoided as far as possible. As it is desirable that local purchases should be encouraged to the extent possible; the Circle Inspectors should ascertain the requirements of the schools in the Circle and see what can be arranged for locally, if necessary, with the help of the Industries and Commerce Department and intimate to the Inspector-General of Education what has to be supplied from Bangalore and Mysore, and in the latter case the Inspector-General of Education will consolidate the indents and arrange for the supply through the system of centralised distribution as at present.

9. The Inspection of Branch Depots and recognised agencies will be made by the Inspecting Officers of the Education Department.

10. The Inspector-General of Education is also requested to depute a superior officer of his department once a year to take stock and submit a report. The accounts should be similarly audited by an officer deputed by the Comptroller once a year.

11. Government do not consider it necessary to increase the staff of the book depot, the necessary readjustment being made within the sanctioned scale of charges for the efficient transaction of business. Proposals in this behalf, may, if necessary, be submitted by the Inspector-General of Education for orders of Government.

READ—

Correspondence ending with letter No. 7062—A. 774, dated 8th April 1920, from the Director of Agriculture, submitting certain proposals for the continuance of the branch depots opened at Davangere and Tarikere under the food production scheme for the stocking and distribution of seed grains and for making these and other depots already existing permanent.

Order No. 10783-4—A. & E. 110-19-23, dated 12th May 1920.

In Government Order No. 553-4—A. & I. 12-15-2, dated 3rd August 1915, Government were pleased to sanction the opening of depots at District Headquarter stations for stocking and selling seed grains, implements and manures. The marginally noted depots were also opened subsequently from time to time and the continuance of all these depots is being sanctioned from year to year. Three additional branch depots were opened last year temporarily at Tarikere, Koppa and Davangere for stocking and distributing only seed grains under the food production scheme. The Director proposes that out of the three branch depots those at Davangere and Tarikere may be continued permanently a monthly rent of Rs. 15, being paid for building for each for stocking and selling not only seed grains but also implements and manures and that all the other existing depots noted above and in the margin may also be sanctioned permanently in order that all the districts, except Shimoga, may have two depots each. In view of the useful work done by the depots for the development of agriculture, Government are pleased to sanction the proposals of the Director for the continuance of the depots on the existing rate of rent and other items of expenditure sanctioned for each depot from time to time for a period of two years. Government are of opinion that the work should be gradually transferred to Co-operative Societies and carried out with the help of private agencies.

The expenditure on account of the rent for the depots at Davangere and Tarikere will during the current year be met out of the provision under 27 Agriculture, 1 Agricultural Department, IV Demonstration and experiments, (a) General Demonstration Contingencies.

Due provision will be made in future budgets for rents on the 15 depots referred to above.

The accounts of the depots should be carefully audited. Forms should be simple and give complete information.

Correspondence ending with letter No. 367, dated 18th March 1920, from Dr. W. F. Smeeth, Director of Mines and Geology, submitting a joint note by himself and Mr. Dani, Agent, Mysore Railways, regarding the construction of a two feet railway line between the quarries near Voblapur and the M. & S. M. Railway at Amsandra for about 10½ miles for the supply of flux in connection with the Mysore Iron Works, and stating that Mr. Dani is of opinion that pending the completion of the survey and preparation of estimates, a sum of Rs. 3 lakhs should be provisionally provided for this work.

(Printed as an accompaniment)

Order No. 11025-8—I. & C. 261-19-9, dated 17th May 1920.

Sanction is accorded to the construction of the line referred to above and the proposals of Dr. Smeeth in this respect.

2. A sum of 3 lakhs will be placed at the disposal of the Agent, Mysore Railways, for this purpose from the provision to be made next year on account of the Iron Scheme.

3. The Agent, Mysore Railways, is requested to take the necessary action at once in consultation with Dr. Smeeth and send up a detailed estimate for the line in due course for sanction.

Copy of letter No. 367, dated 18th March 1920, from Dr. W. F. Smeeth, Director of Mines and Geology, to the Secretary to Government, Departments of Education and Agriculture.

With reference to your No. 6905, dated 28th January 1920, I arranged to meet Mr Dani as soon as possible after his return from leave and have discussed with him the details of my proposals regarding the Amsandra-Voblapur line as requested. Mr. Dani has expressed himself as being in entire agreement with the proposals made and I enclose for information and orders of Government a joint note on the subject. It will take from a year to 18 months to get the line constructed and the work should be taken in hand at once.

Transport of Flux from Voblapur.

The details of Dr. Smeeth's proposals contained in his note, dated 7th January 1920, for the construction of a 2 ft. line between the quarries near Voblapur and the M. & S. M. Railway at Amsandra were discussed and considered on the 17th instant. The undersigned are of opinion that the construction of this line is very necessary together with a siding at Amsandra and that the proposals made in Dr. Smeeth's note may be sanctioned by Government. These proposals involve:—

1. The preparation of a survey of the line selected by Dr. Smeeth as speedily as possible.

No. 11025-8—I. & C. 261-19-9, DATED 17TH MAY 1920.

2. Arrangements with the M. & S. M. Railway Company for the construction of the necessary siding at Amsandra.

3. The carrying on of the construction of the new line from the Amsandra end as soon as the survey is available.

4. Of the starting of rock and earthwork from the quarry end for the preparation and formation of the line.

They are of opinion that the work should be put in hand at once as the matter is one of considerable urgency and in order to give effect to this they recommend that Mr. R. L. Steele, Offg. Executive Engineer, whose services will be available from the 1st April next, should be placed in charge of the work of getting the survey through and following on with construction as rapidly as possible. Pending the completion of the survey and the preparation of estimates Mr. Dani is of opinion that a sum of Rs. 3 lakhs should provisionally be provided for this work. This is at the rate of, approximately, Rs. 30,000 per mile. The most difficult portion of the route will be within one mile off the quarries and it is suggested that this portion should be surveyed first so that some of the labour which will be available from Kemmangundi during next monsoon can be put on to the necessary rock excavation and formation work at that end.

With regard to the greater portion of the line for some 9 miles or so from Amsandra it is suggested that the alignment should be selected so as to be suitable for a metre-gauge line at some future date if required. There should be no difficulty or added expense in doing this but it is not possible at present to say whether a metre-gauge alignment can be secured at a reasonable cost for the last mile or so into the quarries.

Government Order No. FL. 5767-816—S. & A. 83-18-1, dated 25th April 1919, directing among other things that non-official members of the Senate of the Mysore University and of its Committees are entitled to travelling allowance at the undermentioned rates:—

Return 1 Class and one III Class fare for servant to and fro road mileage of 6 annas and halting allowance of Rs. 5 for each day of sitting.

2. Correspondence ending with letter No. 8042, dated 31st January 1920, from the Registrar, Mysore University, stating that the rates of travelling allowance sanctioned in the Government Order of 25th April 1919, are inadequate in the case of gentlemen coming from outside the State to attend the meetings of Boards of Studies, etc., and requesting that the rules be so modified as to allow high officers in active service in British India and elsewhere to draw double 1st Class Railway fare and batta and road mileage according to their respective grades and that retired officers and non-official gentlemen coming from outside the State be likewise treated.

3. Letter No. 10314, dated 14th April 1920, from the same officer, furnishing information regarding the rates of travelling allowances granted by the Universities of Madras and Bombay.

Order No. FL 8441-2—S & A 10-19-25, dated 18th May 1920.

In the circumstances reported by the Registrar, Government are pleased to direct that gentlemen coming from outside the Mysore State to attend meetings of the Senate or its Committees, whether they are in active service in British India or on the retired list, or are non-officials, be granted the following rates of travelling allowances:—

By rail One single 1st Class fare each way.

By road 8 annas per mile.

Halting allowance Rs. 6 a day.

An additional sum of Rs. 4 for every 100 miles in excess of the first 100 miles will also be allowed for railway journeys besides the railway fare.

GENERAL AND REVENUE DEPARTMENTS

Order No. FL. 8557-609—S. & A. 203-19-1, dated Camp Mysore, 29th May 1920.

The following amendment to Article 537, Mysore Service Regulations, is issued revising the rules regulating the grant of travelling allowances when conveyances are provided at the expense of Government, a Local Fund or the Palace.

(1) An officer who is provided with and avails himself of means of locomotion at the expense of Government, a Local Fund or the Palace, and does not pay the expenses of its use or propulsion, draws travelling allowance as follows :—

(a) If he has not to provide separate conveyance at his own expense for his servants or luggage, he draws the daily allowance ordinarily admissible to him and is not entitled to exchange the daily rate for mileage under Article 591. But if part of the journey is performed by other means of locomotion, he may, at his option, draw in lieu of daily allowance, the travelling allowance admissible for that part.

(b) If he has to provide separate conveyance at his own expense for his servants or luggage, he may, under Article 591, exchange his daily allowance for half the mileage ordinarily admissible to him and may draw in addition, the travelling allowance admissible for any part of the journey performed by other means of locomotion.

(2) An officer provided with the means of locomotion as in clause (1) who pays all expenses of its use or propulsion is entitled to travelling allowance under the ordinary rules, subject to the deduction therefrom of such fixed hire or charge as the Government may fix.

Note 1.—The rule contained in this Article does not apply to inferior servants.

Note 2.—This Article does not apply to officers who are entitled to or are allowed free transit by railway whether under a free pass or otherwise.

Note 3.—Government Motor-car Chauffeurs are only entitled to daily allowance for road journeys in motor-cars.

Government Proceedings No. 845-8—Muz. 790-08-25, dated 31st October 1914, on the subject of the management by the Jahagirdar of Sivasamudram of the temples and the chattram in Sivasamudram and of the properties endowed thereto.

(2) Inspection Note of the Muzrai Superintendent, dated 19th November 1918.

(3) Letter No. 316, dated 24th July 1919, to the Jahagirdar of Sivasamudram forwarding copies of an interpellation made at the meeting of the Legislative Council held on the 20th June 1919, and of the reply of Government thereto, and calling for a report on the defects brought to notice and also for his views on certain recommendations made by the Muzrai Superintendent for the better management of the Institutions.

(4) Letter No. 140, dated 29th September 1919, from the Jahagirdar of Sivasamudram, reporting on the defects pointed out and stating that the recommendations made by the Muzrai Superintendent are not acceptable to him.

Order No. 4076-8 -Muz. 26-18-12, dated 21st May 1920.

In Proceedings No. 845-8, dated 31st October 1914, the Government have laid down instructions for the management by the Jahagirdar of Sivasamudram, of the temples and chattram at Sivasamudram, for the support of which the villages of Purigal and Kaglipur in Malvalli Taluk have been granted as Inam.

2. The Muzrai Superintendent in his Note read above, brought to the notice of Government several unsatisfactory features in the Jahagirdar's management of the temples and the chattram in Sivasamudram and their properties; and he proposed certain arrangements calculated to secure a better management of the affairs of the institutions.

3. At the meeting of the Legislative Council held on 20th June 1919, it was brought to the notice of the Government that there was no ashtabandhanam to either the siva or the Ammanavaru idol in the Siva temple, that the temple car which had been destroyed by fire ten years before had not been replaced, that no cook had been appointed in the place of the man who had been removed four years previously and that the chattram had not been working ever since.

4. The Jahagirdar was then requested to report on these defects and also to state his views on the proposals made by the Muzrai Superintendent for the better management of the institutions.

4. In reply to the above reference, the Jahagirdar admits that the ashtabandhanam of the goddess in the Siva temple is not in a proper condition and has to be re-done, and that the ashtabandhana of Siva is partially out of order and states that he would attend to them. As regards the car, he states that one of the cars was destroyed by lightning over ten years ago, but that there is another big car which serves the purpose of both the temples. He is silent about replacing the car destroyed. In regard to the cook he says that no one will stay in Sivasamudram as a cook though offered a pay of Rs. 12 and that he will still try and get one and fix him up. In the meanwhile the travellers are said to be given raw rations, those that cannot cook getting their meals prepared by the temple servants.

The Jahagirdar is requested to take steps to set a right the ashtabandhanam of the shrines and to replace the car by a new one within the next six months. As the services of a cook for the chattram are very necessary, the Jahagirdar is requested to arrange for the employment of one as early as possible, raising the pay of the appointment, if necessary.

5. Referring to the proposals of the Muzrai Superintendent for the better management of the institutions, the Jahagirdar states that they are prejudicial to the

No. 4076-8—Muz. 26-18-12, DATED 21st MAY 1920.

exercise of the powers vested in him under the Government Order of 31st October 1914, read above. Whatever may be the force of the Jahagirdar's representation against some of the other proposals of the Muzrai Superintendent, Government consider that there can be no valid objection to the fixing of a definite scale of tasdik expenditure for each of the temples and the chattram so as to ensure that these institutions are properly maintained on a level of efficiency consistent with the income from the two villages of Purigal and Kaggalipur endowed as Devadaya Inam thereto; or to the prescribing of a definite set of Registers and Accounts to be maintained in respect of the receipts and expenditure of the funds of the institutions. In fact these measures will be helpful to the Jahagirdar himself in controlling the work of his own establishment with reference to the affairs of the Institutions.

The Muzrai Superintendent is therefore requested to draw up appropriate tasdik scales of expenditure in respect of each of the institutions in consultation with the Jahagirdar and the Deputy Commissioner of the Mysore District and also to draw up suitable forms of accounts to be maintained by the Jahagirdar in respect of the management of the institutions and to submit the proposals for the approval of the Government.

6. The Jahagirdar will be requested to show on the accounts to be submitted to the Government by him with the annual report the balance at the credit of each of the institutions at the end of each year and how such balance is invested. This balance should be kept distinct from the other balances of the Jaghir accounts and should be so invested as to be readily available for any extraordinary expenses such as repairs of temples, etc., at any time.
